SAFE LANDING ENDS ZEPPELIN'S GREAT FIGHT

New Permit System For Canadian Autos Entering Washington State

Change In Law Rules Tourists Crossing Border

Starting in June All Parties on Motor Tours, Even for One-day Journeys, Will Need Permits Affixed to Windshields as Called for by New Washington State Statute.

British Columbia automobiles entering Washington even for short day trips will be required to register and obtain permits on and after June 13 under the provisions of a new law which has just been signed by Governor Roland H. Hartley. Warning of the operation of the new law has been received by the Automobile Club of British Columbia from the Automobile Club of Washington, an affiliated body.

As this new statute doubtless will restrict the movement of Canadian cars to the State of Washington, it is understood the law may be discussed by the provincial directors of the Automobile Club of British Columbia when they meet in Vancouver next Tuesday.

Some years ago the Automobile Club of British Columbia, backed by British Columbia motorists, led a wave of protest which wiped out the provincial registration law here, which was said to be restricting traffic from the United States.

ON WINDSHIELDS

A permit will be issued to each registered vehicle free of charge and must be affixed to the windshield and displayed at all times. Each will be good for ninety days and they will be issued only to bona fide tourists. Extensions of time will be possible under certain circumstances.

The Washington law is similar to those which are in force in Oregon and California.

"SCARFACE" AT LAST IS GIVEN PRISON TERM

Al Capone Says Philadelphia Police Work Fast; Aide Also Jailed

Philadelphia, May 17.—Alphonse "Scarface" Capone, notorious Chicago gangster, to-day was sentenced to one year in the county prison on a charge of carrying concealed weapons. Frank Cline of Chicago, Capone's reputed bodyguard, was given a similar sentence.

Capone and Cline entered the Moyamensing prison at 12:50 p.m.

Before he was sentenced, Capone told Director of Public Safety Schofield that he had just fixed up a "peace pact" between rival bootlegger gangs of Chicago, ending the war which has resulted in wholesale killings by gunmen.

FIRST OF ITS KIND

It was said to have been the first prison sentence ever pronounced against the nationally-known racketeer of Chicago.

It was also said the Chicago police had "no record" against Capone. In Philadelphia he was "mugged" after his arrest.

The two men had arrived from Atlantic City a few hours before and said they had intended leaving for Chicago at midnight.

"This is some city; they work fast here," was Capone's comment after he had been given a quick hearing and held in \$35,000 bail for the grand jury. Capone and Cline were indicted, placed on trial and sentenced to a year's imprisonment a little more than twelve hours after they had been arrested.

B.C.-AUSTRALASIA DIRECT STEAMSHIP SERVICE PLANNED

Vancouver, May 17.—An Ottawa dispatch to The Vancouver Province to-day says:

"The decision of the Department of Trade and Commerce to call for tenders, receivable in June, for a direct steamship service between British Columbia and Australasia, accedes to a demand frequently made by lumbermen, paper manufacturers and others of the province.

"The need of the service was emphasized by a delegation of lumbering interests which came here last Fall and the promise that the matter would

GERMANY IS HEAVY BUYER FROM CANADA

Purchased \$89,000,000 Worth of Goods Here Last Year, Says L. D. Wilgress

Canada Supplants Soviet Russia in Supplying Demand For Grain

Germany is Canada's best customer in Continental Europe, according to L. Dana Wilgress, Canadian trade commissioner to Germany and central Europe, who arrived in Victoria to-day to meet trade interests.

Germany last year purchased goods from Canada to the value of \$89,000,000, as compared with \$16,000,000 worth of goods purchased by Canada from Germany.

The basis of Germany's economic structure is in a sound condition, although the country is not so prosperous as it was a year or two ago. In order to meet heavy interest payments on loans, Germany must increase her exports and restrict her imports, and while imports from Canada increased fourfold within the last five years the bulk of the commodities were foodstuffs and raw materials which the country must have and consequently there is little likelihood of the trade with this country being lessened.

The use of Douglas fir is becoming more general, lead and zinc and mild-cured salmon are in demand, while the canned salmon and apple trade is restricted by the duty imposed on these goods, said Mr. Wilgress.

Work On Big New Hotel Soon To Start

Vancouver, May 17.—Construction work on the erection of the \$5,000,000 hotel for the Canadian National Railways at the corner of Georgia and Burrard Streets here, to be known as the British Columbia Hotel, will be commenced as soon as steel can be delivered at the site. Contracts for the supplying of 5,000 tons of steel required for the framework of the big building will be entered into with the Dominion Bridge Company. It is expected construction will be started within three or four weeks.

Instructions have been received to have the framework of the hotel in place by the end of December.

U.S. Players Win Davis Cup Series

Montreal, May 17.—The United States Davis Cup tennis team clinched its series with Canada to-day by taking the doubles match after having won both of yesterday's singles.

The United States team of John Hennessey and John Van Ryn won the doubles match from Dr. Jack Wright and Dr. Arthur Hamm, 6-1, 6-0, 1-6, 6-2, after the Dominion singles rallied to win the third set in sensational fashion.

be looked into. Subsequently this was done by James Malin, who went out to the Coast about it. The service will be monthly each way. It will be limited to cargo vessels of about 8,000 tons, which will sail from British Columbia ports wherever cargo in sufficient quantities is offered. Sailings will start as soon as possible after the contract is awarded, but this of course is contingent upon a satisfactory tender being submitted. "There is no subsidy appropriation for the service at present, estimates are brought down in Parliament."

CLEVELAND'S GREAT DISASTER

The picture above was taken while the rescuers were at work after the explosion and fire in the Cleveland Clinic Hospital which up till noon to-day had caused 125 deaths. The picture at the right was taken while victims of the poisonous gases were being treated on the lawn of the hospital immediately after being removed from the building. The explosion occurred about noon Wednesday and the scenes were rushed by telephoto to The Times.

100 DEATHS IN GREAT FIRE IN POLAND

London, May 17.—An Exchange Telegraph dispatch from Warsaw to-day said more than 100 persons had been burned to death in a great fire at Iwie, Poland.

Warsaw, May 17.—More than 4,000 persons are homeless and destitute as a consequence of the burning of almost the entire township of Iwie, on the eastern frontier of Poland.

MAN LYNCHED IN FLORIDA

Lake City, Fla., May 17.—H. G. Romey, a grocer, was taken from the jail here by a mob early to-day and lynched. The body was found by a farmer two miles south of here. The man was arrested last night after an altercation with police during which Chief of Police John P. Baker was wounded and Mrs. Romey was fatally wounded.

LARGE LUMBER GROUP FORMED

Company in Oregon Plans to Cut 50,000,000 Feet of White Pine Yearly

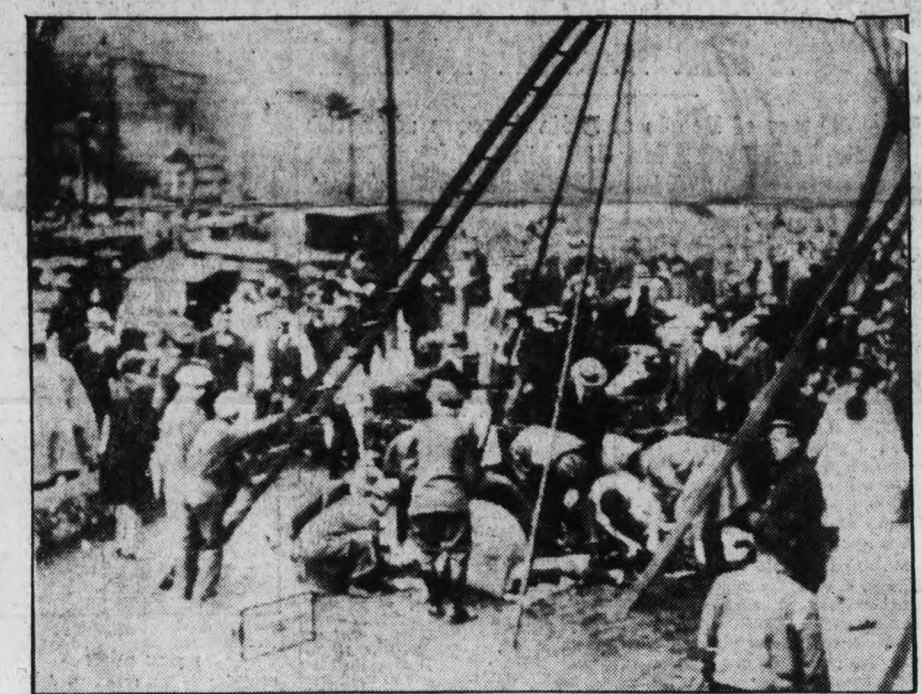

Ogden, Utah, May 17.—Announcement of the organization of a \$2,000,000 corporation involving important lumber interests of Oregon, with headquarters at Ogden, was made to-day by M. Eccles, president of the newly formed company.

The Stoddard Lumber Company of Baker, Ore., he announced, had acquired properties of the Baker White Pine Lumber Company at Baker and the Grand Ronde Lumber Company near Baker.

The Eccles Investment Company and the J. M. and M. S. Browning Company interests, both of Ogden, had become associated financially with substantial Oregon interests in the new organization.

Mr. Eccles announced the corporation would cut between 50,000,000 and 60,000,000 feet of white pine lumber annually.

Officers and directors of the new company are M. S. Eccles, president; Joseph Stoddard, vice-president and director in charge of properties at Baker; Elmer Stoddard, vice-president and director in charge of Grand Ronde properties; Howard Stoddard, secretary-treasurer and director; M. A. Browning, director; Robert Anderson, director.

Feared Eighty More In Cleveland Hospital Area Dying of Gas Poisoning

Cleveland, Ohio, May 17.—Fear that eighty per cent of the surviving victims of the Cleveland Clinic Hospital disaster would die within a few days from the effects of the poison gases they inhaled was expressed to-day by Dr. Harry L. Rockwood, city health commissioner, and concurred in by a number of doctors and chemists.

The exact number of persons who inhaled the deadly fumes that came from burning X-ray films and other chemicals is unknown, but it is estimated there were at least 100 besides those who already had died.

If Dr. Rockwood's fears prove true, eighty more deaths will be added to the present total of 125.

WORKERS OVERCOME

"Nitrous oxide and carbon monoxide were the two gases that were created in the explosion of the X-ray films at the clinic," Dr. Rockwood said. "Both were found in high percentages in the blood of bodies examined by Coroner Pearce—as high as thirty per cent with the saturation so exceptional."

(Concluded on page 14)

RIVER FLOOD AT PRESCOTT, ONT.

Prescott, Ont., May 17.—Serious flood conditions menaced this district to-day as the St. Lawrence River reached its highest stage in years. Many bathhouses had been wrecked and docks along the river were inundated.

HOT RIVET CAUSES LOSS OF \$300,000

Hillsboro, Ore., May 17.—A red hot rivet, dropped on an asphalt covered slab of cork, caused a fire that in an hour last night destroyed the main building of the Ray Maling cannery here with a loss of \$300,000.

TWO LONDON FLIERS KILLED

London, May 17 (Canadian Press Cable).—E. R. C. Scholefield, one of the best known pilots in Great Britain, was burned to death and his mechanic killed when the aeroplane they were flying over the Thames to-day crashed. A wing of the machine was seen to become partly detached from the plane and its tail snapped off, the plane falling in the river in a blaze of fire.

Ontario Is To Erect Building In London Soon

Toronto, May 17.—An imposing five-story office building and showroom will be erected by the Ontario Government in London, Eng., it is announced by Premier G. Howard Ferguson. It will cost approximately \$250,000. The building will face on the Strand.

CAR CRASH IS CAUSE OF DEATH NEAR SPOKANE

Gasoline Coach Strikes Freight Train; Twenty-four Persons Injured

Spokane, Wash., May 17.—One man was killed and twenty-four injured here to-day when a gasoline motor coach on the Northern Pacific Railroad smashed into the rear of a standing freight train.

The man killed was E. P. Cooper, conductor of the freight train.

At the dispatchers' office of the Northern Pacific it was said the gasoline coach, No. 308, going to Paradise, Mont., carried a regular load of passengers, with several laborers who were going to relieve members of road gangs at work in Montana.

The freight train, No. 602, was east-bound, but was understood to have been standing still at the time of the wreck.

The crash occurred about one mile outside of Spokane.

The injured were quickly taken to hospitals following the wreck, and railroad officials were dispatched to the scene.

AIRSHIP CREW WINS BATTLE WITH STORMS

Eckener and His Men Bring Graf Zeppelin to Landing at Mast at Cuers, Southern France, After Long Hours of Danger for Fifty-eight Persons Aboard.

LIQUOR BOARD STAFF CHANGES EXPECTED SOON

Report of A. F. Griffiths Special Investigator Said to Be Ready For Cabinet

Has Spent Months on Inquiry Into All Branches of Act's Operations

Reports are current in Victoria to-day that Albert F. Griffiths has completed his extensive investigations of the operations of the Liquor Control Board, and that his report will be ready for presentation to Attorney-General Pooley within the next few days.

The report is believed to be the preliminary of an upheaval in the staff of the board throughout the Province and to contain recommendations on the administration of the act on which proposed changes will be presented for consideration at the next session of the Legislature.

RECOMMENDATIONS

Mr. Griffiths, who was named to make the investigation soon after the Conservative Government was elected, has spent months conducting his investigations which include a survey of the whole staff of the board, the positions in which they are employed and the salaries they are receiving. Club licenses and the method of handling beer in soldier clubs and beer and liquor in other clubs, which have been contentious subjects since the act has been in operation are also the subject of recommendations.

(Concluded on page 4)

Three Thousand Late Taxpayers

B.C. Gazette Gives List of Those in Arrears in British Columbia

With only thirty-eight names on the list compared with about 1,700 in Vancouver, Victoria shows a good record for payment of provincial taxes compared with other districts of British Columbia in the list of tax delinquents published over the signature of Hon. W. C. Shelly, Minister of Finance, in this week's B. C. Gazette.

The whole list includes roughly 3,000 names and the arrears run as high as \$3,000 and as low as \$12.26. Judges, professional men, and laborers are among those listed.

The list concludes with a notice by the Finance Minister stating that if the amount due in any of the cases named remains unpaid after the expiration of three months proceedings will be taken against the delinquents.

THREE BIG AUTO COMPANIES IN AVIATION IN U.S.

New York, May 17.—The General Motors Corporation has announced its active participation in the aviation industry by the purchase of a block of 400,000 shares of the common stock of the former Aircraft Company of America, representing a forty per cent interest in that concern. This makes the third large automobile concern to enter the aeroplane field in this country.

Cuers, France, May 17.—The transatlantic dirigible Graf Zeppelin, after an all-day struggle against storms, landed here at 8:35 o'clock to-night (11.35 this forenoon Victoria time).

The great airship with its fifty-eight passengers and crew, entered the Cuers hangar with the assistance of a large force of troops who had stood by while it was making its gallant struggle against disaster. The big dirigible was safely brought to earth beside the only landing mast in France—the mast which served to moor the French dirigible Dismude, lost in a storm over the Mediterranean Sea nearly six years ago.

The Graf Zeppelin thus concluded its perilous voyage through the air after 38½ hours of flight, nine of which were spent in a tenacious struggle with the famous mistral wind which blows down the Rhone Valley intermittently.

PLAN RADIOED

Paris, May 17.—The commander of the Graf Zeppelin at 7 o'clock to-night wirelessed the French Air Ministry that he intended to land the dirigible at Cuers, in southern France, near Toulon, where there is a mooring mast.

SEEN FROM AERODROME

Marseilles, France, May 17.—The dirigible Graf Zeppelin passed thirteen miles north of the Marseilles aerodrome at 7:10 p.m. and disappeared a few minutes later in the direction of the Cuers, northeast of Toulon.

SEEN OVER CARPENTRAS

Carpentras, France, May 17.—The Graf Zeppelin flew over the town of Carpentras, fifteen miles northwest of Avignon, late to-day. She appeared to be heading for Cuers, in southern France near Toulon, where there is a landing mast.

NO BOOTLEGGER GRAIN EVIDENCE

Proof Lacking Shipments to B.C. at Low Rate Reach United States

Vancouver, May 17.—Suggestions to the Saskatchewan Grain Inquiry Commission here to-day that interests just south of the line get Canadian wheat from Vancouver at the export rate, in violation of the grain export law, were met with a flat denial by the commission. The commission is in the midst of a new light on the fight of domestic organizations to hold the British Columbia market against United States competition. There is an export rate of twenty cents against a rate to British Columbia of United States ports of 41½, known as the domestic rate.

All grain coming into this port pays transportation charges on the basis of the cheaper or export rate. The elevators are under bond to account for any part of the grain that may later be diverted for domestic purposes. On such must then be paid the difference between the two rates. Evidence to-day, however, showed that when the grain passes from the elevator into the ship under an export order, the elevator's responsibility ceases. To all intents and purposes that part of the cargo of wheat has been accounted for under the export freight rate.

(Concluded on page 19)

Two Crews Are Preparing For Atlantic Flights

Roosevelt Field, L.I., May 17.—Roger Q. Williams and Lewis Yancey are considering the possibility of taking off within the next five days from Old Orchard, Maine, on a non-stop aeroplane flight to Europe. It was announced to-day. Three French fliers already are here tuning up their Bernard monoplanes for the hazardous over-water trip. They are nearly ready, but refuse to announce a definite date for their departure. The Frenchmen are Lott, Lefevre and Assolant.

NEW CANADIAN WHEAT IS SENT TO EUROPE AS TEST

Ottawa, May 17.—A special shipment of 7,500 bushels of Garnet wheat is on its way to Great Britain and other European countries, where it will be subjected to comprehensive baking tests, Department of Agriculture officials state.

Parts of the shipment will be milled separately and parts will be mixed in varying quantities with other Canadian grains.

London will receive 5,000 bushels, Hamburg 1,500, Rotterdam 500 and Havre 500 bushels.

TRUSSES

Obtained here give satisfaction, for they are properly fitted by a truss expert with over twenty years' experience. We also have complete stock of Abdominal Belts and elastic webbing.

Rescue At Cleveland Hospital

The picture above was taken as policemen and firemen were engaged in the perilous task of carrying a bed-ridden patient down ladders soon after the explosion which caused the heavy death toll in the Cleveland Clinic Hospital about noon on Wednesday. The telephoto, rushed to The Times, reached Victoria in a little more than a day and a half.

SEES NOTHING TO FEAR FOR BRITISH IN INDIA

Great Masses of People of India Approve of British Rule, Says Basil Allen, C.S.I., in Address to Men's Canadian Club; Visions India as Country Over-run by War-like Tribes if British Power Withdrawn; Home Rule Could Not Work Satisfactorily Owing to Many Creeds and Languages, He Maintains.

British rule in India and its benefits to the country, a supposition of India's state if British control were withdrawn with the assurance that such was not likely, and a general discussion of political agitations in India formed the topics of an address by Basil Allen, C.S.I., before the Men's Canadian Club in the Empress Hotel last night.

Mr. Allen, who has had many years experience with the Indian Government, and who has been in close touch with the people themselves, concluded his speech with the assuring statement that "the great bulk of the people of India thoroughly approve of British rule."

The speaker was introduced by W. H. M. Haldane, second vice-president of the club, the chairman, as a man of thirty years' experience in Indian affairs, who had been a member of the viceroy's council and of the legislative assembly.

Mr. Allen referred to the wide variance of India's population, 222 languages being spoken in all throughout the country. The Indian peasant, whose chief occupation was agriculture, was willing to let the Government run the affairs of the country without interference, so long as his taxes were not too high, so long as he was not shot by silver bullets and had not died, and how he had promised huge taxation reductions if made a ruler. This had been destroyed, however, when Gandhi was placed in prison, but not before he had stirred up considerable agitation.

Mr. Allen then went on to discuss the benefits which India had derived from British rule, pointing out that anarchy and civil war had been suppressed when Queen Victoria became the first human being to rule over a united India. Courts of justice had been established, an educational system, which now included 10,000,000 students, was set up, medical sanitation had advanced rapidly, agricultural and veterinary departments established, materially increasing the country's produce, 40,000 miles of railways had been laid and the greatest irrigation system in the world installed, making millions of acres safe from famine. Surely the suggestion that India had not benefited from British control was futile and evil.

FORM OF GOVERNMENT
Describing the form of Government in India, the speaker outlined the gradual development from the Rajah system which was first utilized until definite attempts were made to introduce responsible Government after the war. He showed that the Indians had a large share in the Government through the viceroy and his cabinet, which included besides the commander-in-chief, three Europeans and three Indians. In the provinces, where ministers were entrusted with certain matters such as education and public works, the natives themselves could

wield power. But this had not worked well in some of the provinces owing to the failure to appoint ministers to handle the various portfolios, or constant opposition to them when they were appointed.

NATIONALISTIC PROPOSALS
"What, then, is the proposal of nationalistic India to-day?" queried Mr. Allen. "A small group seeks Dominion status such as Canada. Others wish to go outside the Empire completely. Perhaps a little review of the situation will show the obstacles in the way of these things."

Communal differences, existing in religion and vernacular, would immediately prove a great source of difficulty in either case, said the speaker. Leaving India to the Hindus meant "leaving it to the Muslims—to Mohammedans—to Sikhs—or to whom?" Moreover, the Indian princes would oppose the move. They ruled nearly one-quarter of the population and favored British control.

DEFENCE OF FRONTIER
Lastly, there was the question of defence. India's vulnerable frontier on the north, ranged by war-like tribes, would remain safe only so long as a strong army was maintained. The British Army in India was maintained not to keep the people down, but to defend the frontier, he pointed out.

WINSOME MAY QUEEN CHOSEN

MISS CLARE ASHDOWN GREEN who was chosen from several hundred first year High School students as May Queen of Victoria for 1929. Queen Clare will preside over the holiday festivities here on May 24. She will be crowned at a magnificent pageant in the Willows Arena on the night of May 23, when children from all the city schools will take part.

SILVER MEDALIST IN SIGHT READING COMPETITION HERE

HELEN RILEY daughter of Mr. and Mrs. Arthur Riley of Gordon Head, who won the silver medal for sight reading in the under nineteen section in the piano-forte contests during the recent Musical Festival here. She also took second place in the piano competition for girls under nineteen years of age. Miss Riley is a pupil of Mrs. M. MacGovern.

Mr. Allen visioned India's future if British rule were withdrawn. "The wild tribes, most of whom conform to Mohammedan belief, would sweep down from the north, join other Mohammedans and swarm through the Ganges Valley and set up a capital at Delhi. For we must remember that they were the controlling power when the British came to India."

LITTLE CHANCE

"But," he added, "I don't think there is the slightest chance of the British leaving."
Though agitations and possibly assassinations might occur in the future, they were not to be taken too seriously, suggested the speaker. They were inevitable, owing to the wide differences in creeds and speech. When dealing with such an enormous population it was necessary to treat such things in an almost offhand manner.
"And I feel there is nothing to fear from any serious outbreak for undoubtedly the great masses of the people are thoroughly in accord with British rule," he concluded.
Hon. W. A. McKenzie expressed the sincere thanks of the club to the speaker.

K. of P. Officers Are Elected For Year

Trail, B.C., May 17.—Grand Lodge officers of the Knights of Pythias of British Columbia elected here yesterday are: Dr. T. W. Fletcher, Vancouver, grand chancellor; D. C. Manley, Grand Forks, vice-chancellor; J. Burton Slough, Vancouver, prelate; Fred J. Harding, Vancouver, keeper of records and seals; C. Behner, Victoria, master of exchequer; E. A. Hall, Cranbrook, master at arms; W. G. Allison, Victoria, inner guard; S. M. Ward, North Bend, outer guard; E. S. H. Winn, Vancouver, supreme representative.
The next meeting of the Grand Lodge will be at Powell River in May next year.
Grants made included \$10,000 to assist in the eradication of tuberculosis, \$15,000 for health purposes and \$15,000 for educational matters.

Your Money Back If You Can Buy for Less

DWIGHT F. DAVIS IS NEW GOVERNOR OF PHILIPPINES

Washington, May 17.—The acceptance by Dwight F. Davis of the post of Governor-General of the Philippines was announced to-day by Secretary Good.

GERMANY IS HEAVY BUYER FROM CANADA

Continued from page 11

GRAIN NEEDED
Canadian grain and flour have supplanted the Russian product, Germany last year importing 39,000,000 bushels of wheat from Canada.

The market for minerals and metals is constantly expanding and sulphite pulp is needed for artificial silk manufacture.

Speaking of conditions in Germany, Mr. Wilgress said that trade throughout the country had been very active. The country had borrowed largely from the United States, and with the money thus secured had overhauled industries and had created a domestic demand for goods.

REACTION SET IN
With the tightening up of the money markets, however, a reaction had set in and last fall there was a considerable falling off in business, leaving 2,000,000 unemployed.

The export trade of Germany is improving, and the unfavorable balance of trade is being gradually reduced, Mr. Wilgress said.

Canada's imports from Germany are slowly increasing, the chief goods purchased being dyes and chemicals, porcelain, glassware, fabrics and toys.

Mr. Wilgress is also Canadian trade commissioner for Czechoslovakia, Austria, Poland and the Baltic States and, because of his previous associations with the country, has supervision over trade with Soviet Russia.

Virtually all Canadian trade with Russia, Mr. Wilgress said, is handled through their own organization, the Amtorg Trading Corporation of New York.

TOOK PANAMA ROUTE
Mr. and Mrs. Wilgress came out to this coast direct from Germany by the German motorship Los Angeles. He will meet manufacturers right through Canada and is commencing his tour from Victoria.

While here Mr. Wilgress is staying at the Empress Hotel, but will make his business headquarters at the Broad Street offices of T. J. Goodlake, secretary of the Vancouver Island branch of the Canadian Manufacturers' Association.

Is Your Child Thin and Weak?

McCoy's Tablets Put on Flesh and Builds Them Up
In just a few days—quicker than you ever dreamed of—these wonderful health building, flesh creating tablets called McCoy's Cod Liver Extract Tablets will start to help any thin, underweight little one, and when the children are exceedingly puny they are especially valuable.
All over North and South America health building, flesh creating tablets called McCoy's Cod Liver Extract Tablets tens of thousands of skinny run-down men and women have put their faith in McCoy's—and have not been disappointed.
Give these wonderful tablets for 30 days and if your frail, sickly child doesn't greatly benefit you get your money back.
Ask MacFarlane Drug Co., Vancouver Drug Co., Owl Drug Co., or any druggist for McCoy's Cod Liver Extract Tablets—as easy to take as candy and 60 tablets, 60 cents—Economy size \$1.00. (Adv.)

NEW TRADE COMMISSIONER

Ottawa, May 17.—The West Indies are considering establishing a trade commissioner in Canada according to Sir Edward Daveson, chairman of the West Indies Conference. Sir Edward, investigating trade possibilities in Canada, is a visitor here.

POULTRY FEED FIGURES DIFFER

Vancouver Firm Offers Fraser Growers Lower Rate Than Alberta Wheat Pool

Vancouver, May 17.—When an Alberta Wheat Pool representative yesterday told the Saskatchewan Grain Inquiry Commission here he estimated his organization could deliver carload lots of No. 6 wheat (described as No. 2 feed in British Columbia) for \$34.65 a ton, a buyer for a local feed supply house, countered with the statement that his firm could deliver the same commodity at \$34.40.

These statements were the high lights at a session where the discussion of the cost of poultry feed in British Columbia was continued after a full day given to that subject on Wednesday.

SITUATION SURVEYED

James Gibson, manager of the Vancouver office of the Central Selling Agency of the prairie pools, gave his estimate, an approximate one, after a survey of the situation in the Fraser Valley. Information regarding the dealers' side of the case was given by R. M. Bryan, purchasing agent for the Vancouver Milling and Grain Company Limited, under examination by Sherwood Lett.

Answering a question by the chairman, L. O. Green, checker for the Alberta Wheat Pool, who also had investigated the feed situation, said he could see no good reason why the Fraser Valley farmers could not co-operate to obtain their supplies of feed direct from the Alberta farmers through the pool.

SEEKING MARKET

Answering G. G. McGeer, K.C., counsel for the farmers, Mr. Green said he believed Fraser Valley farmers could save \$6 a ton on poultry feed by purchasing from the pool. If the Fort William rate was applied from Calgary this saving would be increased to \$10. The witness said Alberta farmers were looking for a market for feed grain because the local market was not profitably reached the eastern market.

Figures given by Mr. Bryan showed feed sold by his company for \$2.20 a hundredweight delivered to Fraser River farms, cost \$1.97.

TRAIN ENGINEER FREED BY JURY

V. Alexander Found Not Guilty of Manslaughter After Ontario Wreck

Perry Sound, Ont., May 17.—Verne Alexander today is free man, acquitted by a jury of charges of manslaughter and criminal negligence. Alexander was the engineer of the Canadian National train No. 3 which crashed head on into another train after running past its ordered meeting place at Drocourt, near here, in the early morning of March 20 last. Seventeen, and possibly twenty, lives were lost and criminal proceedings were launched against the three surviving members of the train crew.

After a trial which lasted two days and a half, Alexander was found not guilty yesterday afternoon by a jury, with Mr. Justice W. E. Roney presiding. The charges against Fireman Edward Riley of Winnipeg and brakeman Charles Gorrie of Toronto would not be proceeded with, said Prosecutor W. L. Haigh.

NEW RULES

Coupled with its verdict, the jury presented a recommendation that block signals be installed at all the stations where there are no operators and that trains should not be ordered to meet at stations where there are neither block signals nor operators.

Even before the jury retired it was almost certain Alexander would not receive a heavy penalty, for Mr. Justice Roney, in his address, expressed the opinion it was not a case for a jail sentence.

The chief defence offered was the distraction under which Alexander was laboring—the operation of a "flame engine"—coupled with the failure of the warning signal which is ordinarily given by the conductor as a train approaches a meeting place. Alexander admitted he had forgotten his orders and flashed past Drocourt.

HARBOR VOTE FOR VANCOUVER

Ottawa, May 17.—The Vancouver Harbor Board bill, authorizing a loan of \$10,000,000 to the Harbor Commission of that port, was given second and third readings by the House of Commons last night.

Hon. P. J. A. Cardin, Minister of Marine and Fisheries, said it was proposed to add to the grain handling facilities at Vancouver at a cost of \$3,000,000. The capacity of Elevator No. 1 was to be increased by 3,000,000 bushels, at Elevator No. 2 by 2,000,000 bushels, and at Elevator No. 3 by 500,000 bushels.

Other items under the loan included one of \$1,950,000. This would cover the redemption of commissioners' maturity mortgage notes, issued for the balance of the purchase price of the Hastings Mill site and incidental expenses.

For a wharf for vessels in coastal trade and a grain jetty the item set was \$350,000. For a wharf for vessels in coastal trade, fish wharf and storage, also cold storage for operation by lessees, an expenditure of \$1,150,000 was proposed. Development of a new ocean pier, as warranted by increased business, at a cost of \$3,500,000, was further contemplated.

CEREMONY SEEN AT PEACE ARCH

Bellingham, Wash., May 17.—Flags of Great Britain and the United States were ceremoniously exchanged at the Peace Arch near Blaine at the opening of the fourth-annual Knight Templar convention here yesterday. More than 300 Knights from both sides of the international boundary participated in the ceremony.

The Canadian part of the programme was directed by the Vancouver members, while the band of the Seattle commandery led the United States delegation.

Meighen Urges Caution With New Investment Trusts

Toronto, May 17.—A statement on the present status of investment trusts in Canada is given in the annual report of the Canadian General Investment Trust Limited just issued. The remarks of the president, W. W. Evans, and the chairman of the board, Hon. Arthur Meighen, state: "The year has witnessed the creation of a great number of new investment trusts, while many of these are sponsored by thoroughly reputable institutions and constitute a safe and sound medium for the investment of money, investors will be well advised to look with ever-increasing care on the nature of securities which they are offered under the name of description of investment trusts."

NEW STAFF OFFICER

Ottawa, May 17.—Lieut.-Colonel C. E. Connell, officer commanding Lord Strathcona's Horse, Royal Canadian, is to take over the duties of General Staff Officer of Military District No. 13, Calgary, it is announced at the Department of National Defence.

THREE CALLS GIVE LADYSMITH FIRE CORPS DAILY RUN

Ladysmith, May 17.—The volunteer fire department were kept busy this week, three fires having occurred. Monday the home of Mrs. A. Gear was badly damaged by fire. Tuesday the front steps of S. Roedding's store was burned, and Wednesday the brigade was called to the home of Mr. and Mrs. Delucis.

Mrs. R. Houston entertained a number of children Wednesday afternoon in honor of Ninnon Yule's fifth birthday. Following games, the children sat down to a dainty supper table, centered with a birthday cake decorated with candles.

Mrs. J. T. Lapsley and little daughter of Chemainus visited her parents here this week.

QUEBEC HAS STORM LOSSES

Montreal, May 17.—Property damage was reported from several Quebec districts last night as a result of high winds. At Lachine the wind wrecked fifteen summer cottages and tore roofs from several other houses. Planes were blown about at the St. Hubert Airport and slightly damaged, while at Quebec City a schooner and a barge were sunk and thousands of dollars' damage sustained in the destruction of other property.

THE TRAGEDY AT CLEVELAND

ONE OF THE TRUTHS WHICH Cleveland hospital disaster once again emphasizes is that science has placed at the disposal of mankind many wonderful agencies; but it also once again has forcibly reminded us that when these agencies get out of control they mock the puny efforts of man to subdue them.

When the complete story of this tragedy has been told, or as much of it as an investigation will reveal, the layman will be very little the wiser. Most of the deaths appeared to have been caused by the fumes of gases which escaped after the initial explosion of X-ray films. Some of the victims who inhaled the more potent fumes would suffer only for seconds; others must have lingered in agony until they were put out of their misery by the flames which rapidly consumed the doomed building.

We may never know whether there was contributory negligence or whether some unexpected condition developed which started the trouble. We are left to contemplate the fact that in this modern age progress in many fields of human endeavor will exact its tribute.

Man has yet to fathom the forces of Nature; he only partially controls the agencies she has given him to fashion for his own uses. He must labor on until he has tamed them to his will. The process will be a long one, and complete success may never be his portion.

THE EFFICIENT GANGSTER

THIS IS AN AGE OF SPECIALIZATION and efficiency. Quick disaster overtakes the man who does not keep himself strictly abreast of all the modern developments. It is not surprising, therefore, to read that the Chicago gangsters have taken over a desolate, wooded island in the Rock River, below Rockford, Ill., and made it into a proving ground for their machine gun shock troops. Press dispatches indicate that the gangsters went about their work in a highly systematic way.

The island was a lonely place, not apt to be spied upon by outsiders. So the gangsters fixed up a sort of target range on it. To the island they sent their machine gunners, to spend several days popping away at targets, studying the use of their new weapons with all the earnestness of a battalion of doughboys preparing for service on the battle line.

The machine gun, spraying bullets as a garden hose sprays water, is one of those weapons with which you can hardly miss what you are shooting at anyway, if you hold the trigger down long enough. But the gangsters, evidently, would not be satisfied with any slipshod methods. Good marksmanship, they felt, was necessary, even if the day of the sharpshooter is ended. Hence the island proving ground, where the business of murder can be put in line with other up-to-date practices.

This mechanized age has wrought changes in every line of endeavor. No one, however, has been quite so affected as the crook. From a disorganized mass of drifting, maladjusted plug-uglies who realized that the odds were always against them, the criminals of a major American city have become a cohesive, well-organized, amply-financed and shrewdly-led band that has the odds all in its favor. The new age has put new weapons into the criminals' hands, and they know how to use them.

Automobiles, machine guns, bullet-proof vests and such-like things are in their arsenal. Clever lawyers are in their councils. Vast sums from the liquor traffic are in their war chests. They have alliances with politicians and police officials.

This is the condition President Hoover now proposes to tackle. It almost amounts to civil war; yet it can be ended quickly enough if our neighbors would use the same remedies as are applied to criminal outbreaks in any large British community. The gallows and the lash unsparingly used would clean up Chicago's gangdom in three months. All the gang leaders need is a convincing demonstration that the law is not a joke and that it is going to be enforced.

THOSE VANCOUVER BYLAWS

ONE OF THE STRIKING FEATURES of Wednesday's bylaw voting in Vancouver was the fact that only two of the twenty proposals failed to obtain a majority of the ballots cast. One of these was the City Hall scheme, involving an outlay of \$1,000,000, and the other was the Art School, a \$100,000 bylaw. In the case of the Burrard Street bridge proposal, the vote in favor was 10,632 and 7,996 against, or about 500 votes short of the required sixty per cent. of the total. In spite of the cost this undertaking would involve—\$3,000,000—it looks as if the taxpayers may approve it when next it is submitted to them.

On the question of educational needs, Vancouver speaks with emphasis. The vote on the \$800,000 bylaw for school buildings stood at 13,856 for and 4,799 against; school sites, \$50,000, 12,874 for and 6,204 against; improving school grounds, and so on, \$50,000, 12,462 for and 5,811 against. In this regard it will be recalled that only a comparatively short time ago the taxpayers of Vancouver voted something like half a million dollars for a new technical school. It thus will be seen that in the city's schemes for general expansion the importance of adequate educational facilities occupies a prominent place, as it should do in all progressive communities.

DOING WELL

STATISTICS RECENTLY PUBLISHED show that the aggregate profits of eighty-eight representative Canadian corporations increased from 102½ to 130½ million dollars from 1927 to 1928.

They include practically all lines of industry and public utility service in different parts of the Dominion. Of the eighty-eight companies included in the survey, seventy-five show higher earnings, and thirteen show lower earnings. Three of the companies to show decreased earnings in 1928 are in the pulp and paper industry, and four are in the textile industry.

It is interesting to note that a group of eight iron and steel companies shows the greatest increase in net earnings, with an advance in 1928 over the 1927 total of 59.5 per cent. This does not take into account, however, the earnings of the British Empire Steel Corporation, which shows a decrease in net earnings. When the earnings of this corporation are included, however, the iron and steel group of the nine concerns shows an increase of 32.8 per cent. in the aggregate. Three agricultural implement establishments—in spite of the dire things that were predicted for it by some critics of the country's tariff policy—improved their earnings by no less than 33.3 per cent. Among other concerns to show advances are seven automobile and railway equipment companies of 29.4 per cent. It should be noted, incidentally, that the net earnings of the International Nickel Company in 1928 are not included in the analysis. They were no less than 104.5 per cent.

Commenting upon this healthy showing of Canadian industry, the Dominion Bureau of Statistics observes that the general level of prices has been stable in this country during recent years. This it considers an important factor contributing to a healthy and prosperous industrial condition.

THE BLIND AND PENSIONS

IN THE MANITOBA LEGISLATURE attention was called to the plight of many blind persons in that and other provinces of Canada, the discussion resulting in a notification being sent to the Dominion Government requesting that it take the matter into consideration with the object of getting action.

Some blind people, of course, are able to earn their livelihood. With them loss of sight has stimulated other faculties and thus considerably reduced their handicap. But there are many cases in which the victims are practically helpless and compelled to rely upon others for nearly everything. Their claim to public assistance is as valid as that of the aged.

Now that most of the provinces are operating old age pensions legislation, each on its own basis, although all drawing the Dominion Government's fifty per cent. contribution, it ought to be possible to widen its scope to include benefits for those blind persons who are totally unable to support themselves by their own efforts. It has been suggested that the provinces should consult with the Dominion authorities with the object of putting the system of assisting the aged on a national basis. It is important that some such standardized policy should be decided upon, since those provinces not paying pensions at present are contributing to the cost which the national treasury meets, although their old people obtain no benefits whatever.

In a discussion of this sort it should be a simple matter to take the case of the helpless blind into sympathetic consideration. To include them in the pension scheme, of course, would mean additional expense for the Dominion and the provinces. But a country which imported nearly \$50,000,000 worth of liquors—at wholesale prices—in the last fiscal year and retailed it at about three times the amount, should be able to find the money to furnish a little comfort for the sightless.

BEAUTY IN PRISON

PROBABLY IT IS A GOOD MANY years since men first began making jokes about women's pride in their personal appearance. And, beyond doubt, such jokes—justified or not—will continue to be cracked for years to come.

The other day a fifty-five-year-old woman pleaded guilty to a theft charge and was sentenced to spend from two and one-half to five years in prison. She asked the judge for one favor; could her sentence be postponed a week so that she could first get a permanent wave?

The judge consented, and the woman went to get beautified before departing from the sight of men. Seldom has the power of the human wish to look as attractive as possible been more strikingly shown.

WHAT OTHER PAPERS SAY

ABOUT TIME
 The Richmond Times-Dispatch
 Past automobiles for the future—machines that will travel on the public highways at a 120-mile clip—are seen by Dr. John A. Harris, president of the Broadway Association. Well, we have been thinking that it was about time cars were catching up with the living pace in this country. We have been a fast bunch over here since the war.

FOOD AND THE FARMER
 The Chicago Tribune
 The American people eat less than they once ate. They have gone indoors. They work less with their bodies. They heat their houses, and external warmth supplies the need that extra food and clothing once must meet. Fashions of thinness have come, and the doctors urge the sacrifice of food for health. The general farmer bears the brunt of the transition.

BRIDGE-BUILDING
 The Hamilton Herald
 The wrecking of the big Ambassador bridge at Detroit and Windsor is an astonishing business tragedy, but in one way it is an affair in which Canada may take some pride. It means the integrity of those employed in the construction of the bridge. The bridge had been nearing completion and the opening had been anticipated this summer when certain flaws were discovered in the wire of which the great cables were constructed, and it was decided that the whole huge fabric must come down and be made over again. The vast masses of cement to which the cables were anchored are being torn to pieces to release the giant bolts, and the cables themselves must go into the melting pot once more. The spirit behind such work means all that the human race is striving for, the attainment of ultimate perfection. As man drives his handiwork to perfection who can doubt the ultimate perfection, that "far-off, divine event to which the whole creation moves?"

A THOUGHT

I have seen servants upon horses, and princes walking as servants upon the earth.—Ecc. 10:7.
 The great are only great because we carry them on our shoulders; when we throw them off they sprawl on the ground.—Montaigne.

Loose Ends

Forty-one professors on the trail of knowledge—oysters and their secret—coffee and young financiers—new shoes and tropical fish—automobiles and weld furniture—and what all this means to us.

By H. B. W.

FORTY-ONE HARVARD professors are launching this year forty-one separate scientific investigations into questions of their own choosing. One will try to find out what makes tropical fish change their color (which seems rather a personal matter), another will consider "the variable stars," another will explore matter under high pressure and still another will consider the flora of Newfoundland. The object of this wholesale research, at a cost of \$58,000, it is announced, will be to "promote the welfare and prosperity of the human race."

IT MAY BE that the color of tropical fish is essential to the progress of civilization, and that the flora of Newfoundland somehow affects our grocery bills. But how much better if this corps of savants would focus their powerful intellects and their appropriation of \$58,000 on something really close to the stuff of daily life! Having failed to solve them myself, with earnest prayer and meditation, I direct these investigators to some burning and baffling questions in this very community.

LET THEM find out as a start why it is that only a Greek can open an oyster. A simple question, it sounds, but it has never been answered. Indeed, it may never have been asked. For twenty years or more I have passed in my daily walk outside a rather grimy little restaurant to watch a Greek gentleman opening oysters. By that I do not mean breaking and entering with assaults and batteries as ordinary oyster-openers do. I do not mean violently disturbing, cracking or wrenching apart the outer epidermis of the mollusk, as I have sometimes done. Nor do I mean luring the innocent inmate out with soft words and fair promises. I mean opening oysters as they were made to be opened—with a quick painless thrust at precisely the right place, a lightning-fast twist of the knife and a flip which sends the animal happily into a bowl of other denatured oysters with hollow, metallic oops. No one but a Greek can do that. No one but a Greek knows the combination to an oyster's shell, the password to his heart.

I AM MORE certain of this than ever now, for the Greek whom I have watched these many years has lately been gathered to his ancestors, where doubtless Socrates, Pericles, Plato and the other great men of his race are proud of him. In his place a little Chinaman has appeared at the window of this dingy oyster resort. He does his best. He flips the oysters out of their shells with dogged determination. He fairly mines them with brute strength. The Greek was an artist. The Chinaman is a navvy. No, the instinct for the ancient and honorable craft of oyster opening is implanted deep in the soul of Hellas and nowhere else. Let the professors figure that out.

THEY WILL find a second problem vital to the life of this community in another eating establishment, just as small as the oyster emporium, but not so dingy. There at 10 o'clock every morning the young financial bloods of the village gather over a rollicking cup of coffee. They have had breakfast little more than an hour before, but they cannot sustain the burdens of finance until noon without this morning stimulant. That is the puzzling enough, but the how will the professors explain why this strange craving is exclusively confined to young bloods who work in stock-and-bond houses? No others are admitted to these mid-morning seances, nor do any others seek invitations. Is the vigor of the race declining that it needs support so early in the day? Or are the cares of finance so much heavier than the responsibilities of other folk? And has this morning rite any connection with the bulging waistlines of all those who practice it? I can't make it out.

THEN AGAIN, why is it that brogues are in popular disfavor? After the war you could find nothing else upon the streets and now they look at you as you appear in a shoe store if you ask for them. Instead of the rough, thick, manly brogue, fashion has decreed a hideous, distended thing, usually of weird sunset color and with a toe that reminds you of the good old British bulldog. Fit companions are they for the hard bowler and the treacherous cigarette lighter. Oh, yes, the shoe merchants will say that they still carry brogues. They carry brogues just as secondhand stores carry oil lamps, and they offer them to you with a pitying look as if you had just stepped out of the gay nineties and asked for a mustache-cup. But they don't want you to buy them. By wheedling and insult they try to put you into these new blunt, bloated, billous creations just fit for the people who wear them. So we who are true believers are sticking to our good old brogues down to the last hair, and we hope that better times may come again.

IF THERE are any psychologists among these forty-one Harvard professors let them turn their powerful intellects upon the human animal who lives in an automobile. Let them find out why it is that often one who is a perfect gentleman on the sidewalk, a complete villain in his sedan as it passes through the Fort Street Dardanelles. On foot he will raise his hat to a lady and avoid bumping into another man, but in his car the outer veneer of humanity disappears altogether, he creeps up behind the car in front, waves the other driver almost off the road with a sudden bellowing of his horn and then dashes in front of him with a triumphant roar. At home he may be a good father and seldom beat his wife, but if he is held up for a second by a street car he fills the air with his raucous clamor and his greatest joy is to throw a cloud of

Clean Stoves Clean Pipes Clean Chimneys

With Our
Sootless Coal
KIRK COAL CO.
 1212 Broad Street Phone 139

dust into the face of the innocent pedestrian.

AND, LASTLY, let the forty-one professors decide whether the new vogue for modernistic furniture is the cause or effect of our mounting problem of insanity. To live with its twisted and tortured contours, its top-heavy, drunken shapes, its enough to prey on the mind of any man. Let us hope it is not the product of diseased imagination and a worn-out, tottering culture.

The Weather

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, May 17—5 a.m.—The barometer is abnormally high on the Coast and moderately warm weather prevails over this Province. Showers are reported in Alberta and Saskatchewan.

Reports
 Victoria—Barometer, 30.15; temperature, maximum yesterday, 57; minimum, 44; wind, 12 miles N.; weather, clear.
 Vancouver—Barometer, 30.20; temperature, maximum yesterday, 60; minimum, 40; wind, calm; weather, clear.

LIQUOR BOARD STAFF CHANGES EXPECTED SOON

(Continued from page 1)

Reports that changes, involving scores of workers throughout the Province, were to be made immediately with the return of Premier Tolmie to complete the cabinet, with the exception of Hon. Neil Loughheed, who has not yet returned from Europe, failed to materialize as Attorney-General

TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, May 17, 1904.

Weather forecast—Victoria and vicinity: Moderate winds, chiefly cloudy and mild, with showers.

The transportation companies are beginning to make plans for the Victoria day celebrations. Posters advertising the attractions have been circulated on the Sound and the Mainland.

Final arrangements were made for the Victoria Day celebrations at meetings of various sub-committees last evening.

No doubt the double attraction of H. T. Hanlin, who has already won a place in the hearts of western music lovers, and Miss Charlotte Spencer, fresh from her training in Minneapolis, added to the assured excellence of the Acton Stage's work, accounting for the throng that crowded the Institute Hall from state to state last evening on the occasion of the club's third concert of this season.

It is expected that there will be representatives from most athletic associations at the annual N.P.A.A. meet, which is to be held at Vancouver during the month of July.

Dr. A. W. J. Wilson, of McGill University, Montreal, is in the city.

YOU SHOULD KNOW

"You would be astonished at the size of the boiler industry in B.C. We hear so little about it that we don't know just what they are doing, but do you know there are 400 men employed in this trade? And the twelve firms that they represent produce every type of boiler known—from the familiar house heaters to the gigantic boilers seen in large industrial plants. It's a paying and well paid industry."

B.C. PRODUCTS BUREAU

Pooley, relieved of his duties of acting Premier with the return of his leader, decided himself to take a little holiday and is now away from his office.

WORKERS UNEASY

Recent dismissal activities have again caused civil servants considerable uneasiness. Considerable feeling was voiced among returned soldiers to-day with the announcement yesterday from Prince Rupert by Hon. W. C. Shelly, Minister of Finance, that another veteran had been summarily cut off the Government's payroll. The main question is Norman Watt, a former Victoria resident, who for five years had been Government agent at Prince Rupert. He was extremely popular at Prince Rupert, where he was regarded as a highly efficient servant. The reason given by Mr. Shelly that Mr. Watt was discharged for political activities is regarded more as an excuse for getting rid of an appointee of the former Government than sound reason for dismissal.

Mr. Watt was well-known in returned soldier circles here in the days following the war when his constructive ideas for rehabilitation of veterans were listened to with interest. He was gassed and badly wounded but his disabilities only spurred him on to greater energy in civilian life.

Johnny Farrell took his own caddy to England for the Ryder Cup matches and the British open. The caddy is Pat Geddes and he has been with Farrell for a number of years.

NEW EXPLOSIVE BEING TESTED

Toronto, May 17—A special dispatch from Kingston published by The Toronto Mail and Empire this morning said:

"According to information received here from Ottawa, the experiments with a new high explosive carried out

by experts recently at Petawawa Camp for the Department of National Defence were with a new development of chemists in Great Britain which is being seriously considered by the War Office as a more effective and economical substitute for cordite. "Experiments are being conducted for the war office by experts all over the British Empire, which may necessitate drastic alterations in the method of manufacturing cartridges for quick-firing guns."

NEW STOCK TAX PLAN APPROVED BY COMMONS

Bill Given First Reading;
Minister of Finance Ex-
plains Operation

Ottawa, May 17.—A bill embodying the new tax on sales of shares of stock was given first reading by the Commons yesterday afternoon. This was done after the House, by 96 to 58 votes, had rejected an amendment moved by Hon. R. B. Bennett, Conservative leader. The amendment would have had the effect of leaving the tax on shares as in operation at present.

MINISTER SPEAKS
During the debate Hon. J. A. Robb, Minister of Finance, said there never had been a time in recent years when so much speculation had taken place on the exchanges throughout the country as had been witnessed during the last year. He submitted that there was a general feeling the nation should profit from this speculation. If men decided to gamble on the market and risk their money, there was no reason why they should not assist the national treasury, Mr. Robb said.

Mining stocks represented only a small proportion of the revenue derived from this taxation, which the Conservatives wished to wipe out. The total tax collected by the Federal Treasury on all shares for 1926-27 amounted to \$282,536. In 1927-28 the amount was \$261,554. The proportion derived from the mining exchanges, particularly Vancouver, was small. In 1926-27 the revenue derived from the Vancouver Mining Exchange was \$1,672 and in 1927-28 the amount was \$7,263. The amount derived from the Toronto Standard Mining Exchange during 1926-27 was \$47,383 and in 1927-28 the amount was \$121,114. The revenue derived in 1927-28 from the Montreal

stock market was \$280,061 and from the Toronto stock market for the same year, \$113,776.

Mr. Bennett said the provinces were imposing taxes on these stock transactions and therefore he thought the Dominion should not duplicate this tax, but should leave this field of taxation entirely to the provinces.

Mr. Robb said that under the proposed amendment a sale of 1,000 shares of mining stock at 50 cents a share would only carry with it a taxation of \$1. He thought that was fair.

STEVENS SPEAKS
Hon. H. H. Stevens, Conservative, Vancouver Centre, thought the tax would "prove a serious blow to the mining industry of Canada." Many of the high priced stocks to-day were the low priced stocks in years gone by, he said, and this proposed tax would take from the mining industry an opportunity to secure capital and carry on operations.

The tax was opposed also by Malcolm Lang, Liberal, South Timiskaming, Ont.

CLARK SPEAKS
Brig.-Gen. J. A. Clark, Conservative, Vancouver-Burrard, produced a one-day's sales sheet from the Vancouver Stock Exchange. It had on it the tax collectible on each transaction under the present law as well as what the tax would have been had the new law been in effect. Whereas the total tax under the existing act was \$20, under the proposal of the Minister of Finance, he said, the total would have been \$800.

Gen. Clark thought the new tax would force mining companies to do their financing at Spokane or some other United States point. The tax of one-tenth of a cent would make the shares of many companies in the mining industry absolutely unmarketable, he believed.

WILL STILL DEVELOP
Hon. J. L. Ralston, Minister of National Defence, was not much impressed with a threat that mining promotion would be discouraged by the proposed taxation.

Hon. R. J. Manion, Conservative, Fort William, Ont., opposed the tax.

D. Spence, Conservative, Toronto-Parkdale, declared himself opposed to the taxation.

Mr. Robb reiterated his belief the tax was fair and equitable.

The question was then put.

**A. W. CARTER OPENS
USED CAR DEPOT
ON FORT STREET**

Well-known Hudson and
Essex Dealers Will Handle
All Makes in Showroom

Dealing in all makes of used cars, the well-known local automobile firm of A. W. Carter Limited opened a used car department to-day at 1044 Fort Street, near the corner of Cook Street.

The lot has been renovated and cleaned up, and with its bargains in used cars presents an attractive appearance.

J. B. Davidson, who is well known in the city and who has a first-class knowledge of used car values, has been placed in charge of this up-to-date department.

The firm of A. W. Carter Ltd. started business in Victoria in 1923 at premises on Courtenay Street, acting as Island distributors for the well-known Hudson and Essex automobiles. The firm met with immediate success and has progressed steadily since that time. Expanding business soon required taking over the premises at 614 Courtney Street. This site proved adequate until December, 1927, when the firm moved all departments into the two-story automobile building at 881 Yates Street which they still occupy. Business has been growing so rapidly, due to the exceptional demand for the Greater Hudson and Essex and the Challenger models, that the company now finds it necessary to further expand.

Feeling that the public wish to buy used cars that can be shown in a clean condition in the open air instead of some dark afternoon in the rear of a garage, they have started up their new daylight used car department. In announcing the opening of this new department, devoted entirely to used cars, A. W. Carter is celebrating the opening with an unusual used car sale which will continue until all cars are sold or to the end of May.

Strawberry Vale
The ladies of St. Columba Church held a sale of work in Strawberry Vale last afternoon.

Mrs. Quinton opened the sale, and was presented with a bouquet of lilies of the valley by Miss Betty Powell of the Junior W.A.

The musical programme included vocal solos by Mrs. Jill, Miss Eileen Bennett and Miss Dolly Rutledge; recitations, Miss Nora Garvin; piano solo, Miss Betty Powell. The accompanist was Miss Farnham.

Those in charge of the prettily decorated stalls were: Needlework, Mrs. Townsend and Mrs. Charlton; home cooking, Mrs. Rowland and Mrs. Fraser; superfluities, Mrs. Foster; candy, Miss Gertrude Foster; Junior W.A., Miss Powell; afternoon tea, Mrs. Cox. Mrs. De Russell and Mrs. Flinford.

Those preparing tea were Miss Outram, Mrs. Bennett, Miss M. Foster, with Mrs. Stapleton as convener.

A newspaper correspondent states that the following notice has been posted round about an electric station in Donkey Bay.

Beware—To touch these wires is instant death. Anyone found doing so will be prosecuted.

"Y" REPORTS SHOW GREAT DEVELOPMENT

Financial Standing Better
Than Ever Before; Increase
in Membership

An improved financial condition and an organization progressing in all departments were shown in the reports of Fred McGregor, chairman of the finance committee, and W. S. Maguire, general secretary of the Y.M.C.A. at the association's annual meeting and dinner last night.

Five retiring members of the board of directors stood for re-election, while one found it impossible to continue his work on this body. James Fletcher was appointed to fill the vacant seat, while Fred W. Bartholomew, Dr. J. C. C. Foote, Herbert S. Hammill, R. W. Mayhew and A. J. Watson were returned to their posts on the board.

HOPE TO RETIRE DEBTS
In reading his report, Fred McGregor stated that the finances of the association showed such a decided improvement over previous years, that he hoped to see the Y.M.C.A. out of debt at the end of the ensuing fiscal year.

The reports read as follows: "Our committee is pleased to report that our finances are in a better condition than they have ever been in the history of our local organization."

"As at April 30, 1928, the total liabilities, less cash on hand, was \$11,224.36, the liabilities, less cash on hand, on April 30, 1929, amount to \$10,690.40.

"This is a particularly fine showing in view of the fact that the subscriptions we received, and which were included in our 1928 statement, amounted to \$9,466, whereas for the last year the subscriptions to current expenses have been only \$2,389, and a considerable sum has been spent during the year in the improvement of the building."

"We have just been advised that the bank will take a considerable reduction to them in the immediate future, and we hope in the near future to secure not only an amount sufficient to pay them off, but enough to pay all outstanding accounts as well."

EXPRESS GRATITUDE
"We would not close this brief report without expressing our warmest appreciation to the Ladies' Auxiliary for the excellent work it has done during the year, which in no small way enables us to make such a favorable report at this time. The members not only raised the fine sum of over \$1,000, but through their efforts the rooms throughout the building have been made much more attractive, thus creating a big increase in revenue from this source."

"We feel that the people are appreciating in a greater degree than ever, the work that the Y.M.C.A. is accomplishing, and that they will gladly give us the necessary financial support to take care of any deficiencies which are incurred through rendering service to youths who cannot possibly pay enough themselves to take care of the programme which is arranged for, and which means so much to them."

The boys' division report, presented by Mr. Maguire, showed satisfactory progress in all departments, especially in the physical section.

MEMBERSHIP INCREASED
At present the membership in this branch stands at 310, with eighteen H-Y service members. This was a considerable increase over the total membership of 250 in this department last year, Mr. Maguire noted.

The report dealt with the various activities in this branch, including the summer camp, public school swimming campaign, annual circus, hexathlon, championship swimming gala and other events that had proved successful during the season. In the men's division, Mr. Maguire dealt with special emphasis on the informal activities of the group—fire-side musical programmes, lobby social hours, dormitory men's suppers, tournaments in billiards and other gatherings had tended to develop a fine spirit among the members.

P. T. GROUP PRAISED
Great gains were shown in membership since the annual meeting in May, Mr. Maguire stated. The report stated that the total membership, including boys' and men's departments, stood at 604.

Renovation of dormitories and other improvements around the building were touched upon. In the dormitories, the ladies' auxiliary had been exceptionally successful in improving the rooms and adding greatly to the revenue by doing so. In doing so, the work of the ladies' auxiliary had raised \$1,065 by socials, showers and other means, to complete the renovation and decoration of rooms. Beside this, linen showers were turned to the association, amounting to \$250. All told, the report continued, over \$1,315 worth of work had been done by this branch of the association.

High commendation was given the staff for the excellent manner in which it had upheld Y.M.C.A. principles, and had aided members in physical, mental and spiritual welfare.

In conclusion, Mr. Maguire, through his report, tendered thanks to all who had aided in making the year a record in the annals of the association.

At the conclusion of the report, Vivian Shoemaker presented prizes to the winners in the recent Y.M.C.A. gala held in the Crystal Garden.

SPEAKER RECALLED
Owing to the fact that his partner, who was seriously ill in Seattle, Frank Bayley, who was to have been the feature speaker on the programme, was recalled to the Sound City shortly after his arrival here, being unable to attend the programme, Mr. Bayley left a written message of encouragement to those who attended the gathering. This was

BABY'S OINTMENT
"Sootha-Salva" Quickly Relieves Scalds—Quickly Heals Eczema—Quickly Clears the Skin

If baby's skin is red and inflamed—if the wee one is fretful or really sick with Scalds or Eczema—this wonderful new ointment will bring blessed relief quickly. "Sootha-Salva" is the prescription of a famous physician. Try it for baby. 50c at all druggists. It costs you nothing if you do not benefit. After using two boxes of "Sootha-Salva," if you are not satisfied, just return the empty tin to Fruit-a-Lives Limited, Ottawa, Ont., and we will refund your money. (Adv.)

Our Mammoth CLEARANCE

of Women's Misses' and Children's SHOES is Now in Full Swing

Railway Grain Rate Hearing In London

Vancouver, May 17.—Telegraphic advice that September 11 has been set as the date for the Privy Council hearing in London of the freight rate appeal from the Railway Board's order on the domestic rate on grain from Calgary and Edmonton to the British Columbia coast have been received by G. G. McGeer, K.C., from Ottawa.

Mr. McGeer is acting for the United Farmers of British Columbia, in asking that the domestic rate of 41½ cents be reduced to the level of the export rate of 20 cents. Important evidence bearing on this matter has been adduced before the Saskatchewan Grain Inquiry Commission and a recommendation from that body as it affects the market for prairie producers may be made as a result of the evidence presented.

Luxton

The importance of fighting forest fires was stressed in Luxton Hall Tuesday evening by S. A. Anfield of the Canadian Forestry Association. Moving pictures were shown of interesting phases of the lumber industry, also scenes from the life of a forest ranger. A. J. Hankin acted as chairman and A. J. Browning moved a vote of thanks.

**Sawmill Being Built
In Northern B.C.**

Oshawa, Ont., May 17.—Gale & Trick of this city announce their firm has purchased a block of 7,000 acres of

timber rights in northern British Columbia and has a mill under construction to cost approximately \$150,000. The limits are about ninety per cent shipped to the Oshawa and Walkerville spruce and the company will supply

the timber needs of the Regina plant of the General Motors of Canada. The balance of the production will be shipped to the Oshawa and Walkerville plants in Ontario.

YOUNG MOTHERS RECOMMEND IT

MRS. T. BARRITT Box 114, Asbestos Mines, Quebec

MRS. JAMES ROBSON Box 693, Fernie, British Columbia

"After the birth of my second child I was always feeling tired, nervous and weak, and had headaches, backaches and terrible pains every month. I suffered two years before I tried Lydia E. Pinkham's Vegetable Compound and I started to take it. You should have seen the change in me. I am now well and strong and in good spirits. I also take the Liver Pills and I find them a wonderful help for constipation."—Mrs. James E. Robson.

Social, Personal and Women's News

"MOTHER INDIA" LARGELY TRUE CLUB IS TOLD

Basil Allen, C.S.I., Tells Women's Canadian Club of Hindu Womanhood

Kathleen Mayo's much-discussed book, "Mother India," was upheld as a mirror reflecting truly the position of womanhood in India by Mr. Basil Allen, C.S.I., before the Women's Canadian Club yesterday afternoon.

From the depths of thirty years' experience in the Indian Civil Service, which afforded him an intimate knowledge of the peoples of that great Empire, he brought the tragedy of the womanhood of India, with its child marriages, its perpetual widowhood, its female infanticide, and its shackling "purdah" system, very close to his hearers.

In his introduction Mr. Allen pointed out that the women of India number about 150,000,000, all of castes and creeds so different as to make it almost impossible to generalize on the subject. But as about sixty-eight per cent of the population of India embraced the Hindu religion, he took for his subject more particularly the Hindu women and the conditions under which they live.

POT VERTS KEPTLE Kathleen Mayo's book, "Mother India," which so stirred the world with its revelations, had held a mirror up to the world reflecting the deplorable conditions of the womanhood of India, said Mr. Allen. The Indian reply to it, in the book, "Father India," was, in the opinion of the speaker, "merely the pot calling the kettle black."

The case against India, as set out in Miss Mayo's book, is that the Indian religion incites the deplorable practice of child marriages. Mr. Allen declared that "Mother India" had done a great deal of good, for, by stirring the pride of the Indians in the way of clothing, the one social reform, the raising of the age of consent from twelve to thirteen, with the probability that it would be raised still higher.

He told of the tragedy of the unwanted girl babies of India, who, to conform to the Hindu religion, must be married before they are twelve years old. To avoid the expense attending the raising of a girl and the selling of her in marriage, many parents had committed infanticide, a practice which, while not as common since British rule came into being, still practiced with horrible frequency.

INFANT WIDOWS About 2,000,000 Hindu children of between the ages of five and ten years were already widows, according to the last census, while many children of the age of one year were already widows. With these babes condemned to perpetual widowhood, with its restrictions in the way of clothing, the only one meal a day as long as they lived, their lives were a tragedy.

INDIAN DEFENCE Mr. Allen refuted the claim of those who held that Hindu practices on the ground that Hindu girls attain maturity quicker than those of European countries, observing that a little girl of nine years of age was no more an adult than a white child in Canada of the same age. Others claimed that the marriage of Hindu children was merely a form of permanent betrothal, but the appalling maternal death rate among young girls disproved this.

"Suttee," the awful practice under which Hindu widows immolate themselves on their husbands' funeral pyre, had been made illegal under British rule, but it still happened, probably once a year, according to Mr. Allen. He deplored the fact that such proceedings were applauded in a certain prominent Nationalist paper in Calcutta.

Grandmotherhood was the happiest, most dignified state for Hindu womanhood, according to the speaker, should they survive the perils of child marriage and maternity.

SHACKLING "PURDAH" The shackling "purdah" system was also described by Mr. Allen. Under this system the women were handicapped with voluminous, stifling garments, and led a life cut off from all the beauty of the world under conditions of confinement which would not be tolerated in any decent jail.

Answering the claims of those who say that many Indian women are becoming emancipated, the speaker noted that these were confined chiefly to the highly-educated Parsee women who were not bound by "purdah," but who formed such an infinitesimal part of the population of India as to make their proportions negligible.

REFUTES TROUBLE SUGGESTION In conclusion, Mr. Allen refuted the oft-repeated suggestion that there would be serious trouble in India. While admitting that the situation was a difficult one and that a bomb or two might be thrown, he pointed out that those who were discontented with British rule were a very audacious and vocal section, yet they were a mere handful in the teeming millions who were perfectly contented under British rule.

Mrs. C. C. Spofford presided at the gathering and Mrs. W. G. Wilson expressed the thanks of the club to Mr. Allen for his interesting address.

Pythian Sisters Elect Officers Trail, B.C., May 17.—Officers elected by the Pythian Sisters' grand lodge here yesterday were: Mrs. W. Miller, Grand Potika, past chief; Mrs. H. Slaughter, Nalando, chief; Mrs. S. Ferguson, Rossland, senior Mrs. B. Johnson, Vancouver; Mrs. R. Downie, Trail, manager; Mrs. N. Beach, Vancouver, mistress of records and correspondence; Mrs. E. Towler, Vancouver, mistress of finance; Mrs. B. Manley, Grand Potika, protector; Mrs. M. McKenzie, Vancouver, guard; Mrs. E. Trembath, Rossland, supreme representative; Mrs. G. Hermon, Vancouver, senior supreme alternate; Mrs. F. Cumberland, Merritt, junior supreme alternate; Mrs. L. Savage, Duncan, press correspondent.

Home Cooking Stall.—The Pythian Sisters will hold a home cooking stall to-morrow morning in the basement of David Spencer's limited. Donations may be left at the Royal Daily.

Personal Items

His Honor the Lieutenant-Governor, accompanied by Major Selden Humphreys, Lieut. J. R. Roy and Mr. A. M. Fairbairn, visited H.M.S. Colombo this morning to return the official call made by Capt. G. C. Dobson yesterday.

Mrs. H. Bigelow of Regina is staying at the Empress Hotel.

Mr. J. B. Bennett of Duluth reached Victoria yesterday afternoon and is staying at the Empress.

Mr. M. C. Kendall, of Penticton, is visiting in Victoria and is staying at the Guest House, Oak Bay.

Mr. and Mrs. C. P. Hill, "Hillhaven," Esquimalt Road, left to-day for Vancouver to spend the week-end there.

Mrs. B. A. Bancroft of Regina is visiting in Victoria and is staying at the Guest House, Oak Bay.

Hon. R. H. Pooley left yesterday for the mainland for a holiday at an unknown destination.

Mrs. Roy Beech and her two children, who have been visiting Mr. and Mrs. A. R. Wolfenden, Esquimalt, will leave on Sunday for England.

Miss Ogilvie has returned to her home in the Uplands after spending the last few weeks visiting her brother in the prairie.

Mr. Denny Green of Youbou is spending a few days in Victoria. While here he is a guest at the Strathcona Hotel.

Mrs. Sybil Fraser, who has been visiting in Vancouver as the guest of her aunt, Mrs. J. Harrison, has returned to her home in Victoria.

Mrs. Harding Barrett-Lennard of Vancouver has returned to her home on the mainland after visiting in Victoria with her parents, Mr. and Mrs. H. Wyles, Begbie Street.

Mrs. Frank Harrison of Vancouver has returned to her home on the mainland after spending a few days in Victoria as the guest of Mr. and Mrs. C. P. Hill, Esquimalt Road.

Miss A. Brown, who has been spending her summer vacation at Harrison Hot Springs, returned to Victoria yesterday and is resident at the Balmoral Hotel.

Mr. and Mrs. J. W. Bell of Wellington Avenue, Victoria, were in Vancouver for the graduation of their daughter, Miss Mildred Bell, from St. Paul's Hospital.

Miss Meta Dodge of Victoria, provincial director of the Junior Red Cross, was in Duncan on Tuesday afternoon, addressing the Cowichan Women's Institute on her work.

Mrs. T. W. Read and Miss Nelle Reid of Oakland, Cal., arrived in the city yesterday from the south and are guests at the Empress Hotel for a few days.

Mrs. C. C. Dobson, of Halifax, N.S., wife of Captain Dobson, V.C., D.S.O., of H.M.S. Colombo, is visiting in Victoria as the guest of Commander and Mrs. L. W. Murray, Esquimalt.

Mrs. C. B. H. Taylor entertained this afternoon at her home on Admiral's Road in honor of Mrs. C. C. Dobson, whose husband was former friend of Mrs. Dobson who are now resident in Victoria.

Miss Mary Watt of Vernon, B.C., who since graduating from the University of British Columbia has been the guest of Miss Hope Leeming, Dallas Road, left last night for her home in the Okanagan.

The little members of the Royal Bridge Chapter, I.O.E., under the direction of their regent, Mrs. Sydney Wood, will stage a musical and tea to-morrow afternoon in the Y.W.C.A. in aid of their chapter funds.

Mrs. R. G. Matthews, of Everett, is visiting in Victoria as the guest of her brother-in-law and sister, Major and Mrs. F. B. George, Fairfield Road. Mrs. George entertains in her honor this afternoon at her home with several tables of bridge.

Capt. C. C. Dobson, V.C., D.S.O., and the officers of H.M.S. Colombo, B.M.G., will stage a musical and tea to-morrow afternoon in the Y.W.C.A. in aid of their chapter funds.

Col. R. R. Napier, Government Agent at Vernon, motored down from the Okanagan Valley to join Mrs. Napier, who preceded him several weeks ago. They will spend two weeks here on holiday before returning to the interior.

Mr. and Mrs. C. R. Ross, of Pasadena, California, are visiting in Victoria as the guests of the latter's brother-in-law and sister, Dr. and Mrs. A. D. Bechtel, Rockland Avenue. This afternoon Mrs. Bechtel entertained at her home with three tables of bridge in honor of her sister, Mrs. Ross.

Mrs. W. G. Colquhoun, Work Point Barracks, was hostess at a small bridge and mah jong party yesterday afternoon when her guests were Mrs. Buthland Brown, Mrs. E. C. Prior, Miss Ogilvie, Mrs. A. Kohl, Mrs. F. D. Hammond, Mrs. R. F. Macintosh, Mrs. G. D. Edwards, Mrs. B. Guthrie, Mrs. J. D. Hunter, Mrs. B. S. Heisterman and Mrs. Victor. Miss Aubrey Spradling, Colquhoun will be a hostess at a tea party this afternoon.

The S.O.S. Club, Eastern Star, entertained at a bridge and mah jong party on Monday night at the home of Capt. and Mrs. C. I. Harris, Simcoe Street. Sixteen tables of bridge and four mah jong tables were in play. Miss Dagmar Bendroff won the ladies' first prize in bridge, and Mr. Elliot won the gentlemen's. Miss Herd was awarded the first prize in mah jong.

Sir Aubrey and Lady Symonds of London, who visited Victoria during the Educational Conference, were recent guests at a dinner given in their honor by the Ontario Government in the Speaker's chambers at Toronto. Lady Falconer was also honored by the Victoria Club at a luncheon at the York Club. When Sir Aubrey Symonds was Sir Falconer's guest at luncheon at Hart House.

Mrs. J. Erick, 876 Craigflower Road, was hostess at a delightful party on Tuesday evening, given in honor of Mrs. Eason, who is to leave shortly on a visit to England. Tulips and narcissi proved an attractive flower scheme. During the evening Mrs. Eason was presented with a number of handsome gifts concealed in a laundry bag. The evening was spent in games and music and a very pleasant time was enjoyed. A buffet supper was served to a large number of guests.

On the attractive programme arranged by the Cathedral girls' auxiliary to be given in the Memorial Hall auditorium and grounds to-morrow afternoon at 3 o'clock, are the names of the Misses Patsy Fatt, Peggy Josephs and Amy Watson, who will be accompanied by her mother, Mrs. Clifford Wain. The Dean of Columbia and Mrs. J. A. Merrick are among the vocal soloists, and a little group of small children of kindergarten age will appear in nature songs, nursery rhymes and recitations. Admission is free, with a silver collection for the fund opened by the girls of the auxiliary to provide the outside pulpit of the new cathedral. Tea will be served on the lawn outside the hall.

King's Daughters Open Annual Convention at Duncan; Splendid Reports Given

Duncan, May 17.—The twenty-eighth annual convention of the International Order of the King's Daughters and Sons, British Columbia branch, opened yesterday morning in the I.O.O.F. Hall, Duncan, at 9:30 a.m.

HOSPITAL DEMONSTRATION Delegates who arrived on Wednesday afternoon were taken to the King's Daughters' Hospital in the evening, where a very interesting demonstration of their work was given by the nurses, and an executive meeting was held.

Some fifty-four delegates, representing 115 votes, gathered at the convention from the following circles: Speedwell Circle, Victoria Circle, Hawthorn Circle, Beady-to-Help, Milstering and Willing Workers, all of Victoria; Surrey district: Golden Rule and Hilltop; New Westminster district: Royal and Land a Head, Last We Forgive, and Every Body; Cowichan district: Scattered Circle and Looking Out Circle; Vancouver district: Silver Cross, Vancouver Circle, Margaret Botsome, Dorcas Circle, Inasmuch, Princess, Margaret Griffin, Fairview, Whatsoever, Princess and Pleasant Circles.

DELEGATES WELCOMED Miss Wilson, district president of Cowichan, welcomed the delegates. Mrs. Bingham, Vancouver, responded, noting the great interest she had taken in seeing the King's Daughters' Hospital in Duncan, the only one in Canada owned by the King's Daughters. Mrs. Welsh, New Westminster, also said a few words on the same lines.

PRESIDENT'S ADDRESS Mrs. L. H. Hardie, provincial president of the order, conducted the meetings. On Thursday morning Mrs. Hardie opened the meeting with prayer. Mrs. Hardie in her address stated that the membership for British Columbia is 674. The money raised is approximately as follows: Vancouver, \$2,242.20; \$2,644.55; Cowichan, \$1,156; New Westminster \$801.65; Surrey, \$217.88.

She thanked her fellow workers for their loyal support at all times, and in conclusion left a thought with her hearers: "Hasten slowly, then you can build up gradually and surely."

Mrs. Currie, district president of Surrey, was unable to be present, owing to an accident, and a letter of sympathy will be sent to her and regret at her absence.

MEMORIAL SCHOLARSHIP Miss Jackson wrote of the scholarship for a nurse from the King's Daughters' Hospital to take a post-graduate course at the Montreal General Hospital. This is a memorial to the late Mrs. Elvington and to be called the "Gwynne Elvington Scholarship." Some circles have already contributed to this, and the matter was left over until the afternoon.

The treasurer's statement presented by Mrs. Bryson was as follows: Receipts, \$11,580.54; expenditures, \$10,981.51; balance, \$599.03.

District reports were then given by Mrs. Bingham, Vancouver, who stated that they have over \$6,000 in the sinking fund collected by circles for the convalescent home. Miss Wilson reported for Cowichan, where the principal work is the hospital. Mrs. L. H. Hardie, Victoria, mentioned the wonderful work they do in their rest room there. Mrs. Welsh, New Westminster, also reported of their work.

The Central Council report was given by Mrs. J. Stewart. A meeting was held in Ottawa this year, she said, which is the first time in Canada. The King's Daughters' Hospital report was presented by Mrs. J. H. Whitcomb.

HOSPITAL'S NEEDS Miss Jackson, lady superintendent of nurses of the King's Daughters' Hospital, Duncan, gave a brief resume of the hospital and its needs. Taking the work up in sections she said that a nurse, who is to be a supervisor must have a strong devotion to duty, be artistic, cultured, combine firmness with kindness, have housekeeping qualities, an inventive mind, the instinct of a teacher, justice, leadership, confidence, observation, respect, self-control, sympathy, tact, thoroughness, tolerance and truthfulness. In this connection she spoke of the wish to give a post-graduate course at the Montreal General Hospital to one of the nurses, graduating from the King's Daughters' Hospital.

She stressed the need of a new ward for the men, an ambulatory room, serious emergency cases could be attended to without the knowledge of other patients; a medical ward, more bathrooms, etc.; more room in the women's wing; a massage and instructor.

The afternoon session opened with a hymn and prayer by Rev. F. G. Christmas.

Mrs. J. Stewart was re-elected Central Council member by acclamation.

FILM ACTRESS GOES INSANE

Alma Rubens Keeps Authorities at Bay With Knife For Three Hours

Los Angeles, May 17.—Alma Rubens, film actress, was removed to the city psychopathic ward early yesterday by deputy sheriffs after she had been called to her home by her mother, Mrs. Theresa Rubens, who declared her daughter had attacked her nurse and threatened to commit suicide.

The authorities, arriving at the home, were kept at bay by the actress for three hours in their efforts to subdue her, they said.

Miss Rubens, armed with a butcher knife, appeared on the porch and threatened to stab the officers if they approached.

The deputies secreted themselves in bushes about the house and after a long wait, the actress appeared on the porch again and was overpowered before she could make any resistance.

En route to the hospital she attempted to escape, but she was strapped up immediately and rendered harmless.

Mrs. Rubens declared at the hospital she would sign a complaint for removal of her daughter to the southern California state hospital for the insane at Patton, Cal.

The actress only recently was released from a state narcotic hospital at Spadra, Cal., where she had been committed by her relatives' order for addiction to narcotics.

Miss Rubens completed her last picture a short time ago, but it has not yet been released. She also appeared in another popular film which had its premiere showing in Los Angeles a week ago.

COLLEGE TOUR

Seattle, May 17.—Arrangements for a college tour to the Orient under the direction of Upton Close, New York, have been completed with the Osaka Shosen Kaisha line. Thirty-four students have already signed for the trip which begins June 25 and ends with return here on September 14.

You Can Quickly Limber Up Sore Stiff Swollen Joints

Even Chronic Rheumatic Swellings in Knee, Elbow, Shoulder or Finger Joints Yield to the Mighty Powerful Influence of JOINT-EASE.

It's here, right in town and every drugstore has it. It's a low price remedy, to be sure, but that doesn't stop it from taking the kinks, lameness or torture out of your troubled joints.

Joint-Ease is the name, so called because it is compounded right here in Canada solely for the purpose of relieving all joint ailments.

Just rub it on the tormented, lame joints and in just a few seconds it will penetrate to the bone and blessed comfort comes quickly.

It absorbs instantly and is so clean and stainless that you can rub it on often and get thereby results much more quickly, when the joint is inflamed and the agony intense.

Being such a powerful counter irritant it cannot help bringing speedy and helpful results in congestion, sore throat and neuralgia much quicker than almost any remedy you can buy.

But you must remember that it is for joint afflictions that it is mostly dispensed and its helpfulness will astonish you after all ordinary liniments and other treatments have failed.

Joyce Wethered Regains Women's British Golf Title

Stages Brilliant Comeback to Defeat Miss Collett of U. S.

After Establishing Record of 34 for First Nine Holes at St. Andrews, Miss Collett Was Two Up at End of Morning Round; Miss Wethered's Steady Golf in Second Round Enables Her to Overtake U.S. Star and Win 3 and 1; Fourth Time Miss Wethered Has Won Championship.

St. Andrews, Scotland, May 17.—Joyce Wethered won the British women's golf championship to-day for the fourth time, defeating Glenna Collett, three times U.S. champion, in the final at thirty-six holes. The visiting player piled up a big lead in the first nine and was two up at the end of the first eighteen, but could not combat the steady play of her opponent in the afternoon.

The British girl's margin of victory was 3 up and 1 to play. The match ended when Miss Wethered won the thirty-fifth hole. The United States girl started home with a pair of threes, reducing her opponent's margin from four up to two up but she was not able to reduce it more during the final eight holes.

SETS RECORD

Leading five up at the ninth, after establishing a record outward score for St. Andrews, Miss Collett failed to continue her brilliant play on the first return and Miss Wethered rallied to win the fourteenth, sixteenth and eighteenth, each by a single stroke, while all other holes were halved.

The cards for the outgoing nine:
Miss Collett 4 4 4 4 4 4 4 4—34.
Miss Wethered 5 5 3 4 5 4 5 3—39.

The incoming cards:
Miss Collett 4 3 5 4 6 4 5 5—41—75.
Miss Wethered 4 3 5 4 5 4 4 5—48—77.

Not until the twenty-second hole was reached was the English girl able to take the lead over her invading opponent, and the advantage was snatched away when Miss Collett won the long twenty-third with a birdie four. By a masterly burst of inspiring golf Miss Wethered attained a lead of four up at the twenty-seventh hole.

Nothing daunted by the almost staggering handicap at the home turn and the remarkable recovery staged by her British opponent, Miss Collett marked up a pair of threes to reduce the lead to two up at the twenty-ninth, but she could do no more.

At the thirty-fifth hole, Miss Wethered was three up and the match ended. Cold weather and an overcast sky made conditions none too auspicious for the match.

RECORD LIST OF CANINES TO COMPETE

Biggest Show in History of Victoria City Kennel Club Opens To-morrow

Dogs Entered From Many Parts of United States; Judging Starts at 10 a.m.

When Judge Twaites enters the Armories to-morrow morning at 10 o'clock he will be greeted by two hundred and sixty of the finest dogs that have ever been benched by the Victoria City Kennel Club. Dogs from Washington, Oregon, California, Mexico, Edmonton, Vancouver, Duncan and Nanaimo, have been entered.

The English setters again lead in entries totaling forty, the record for any show on the Pacific Coast and possibly all Canada and the United States. Many of the entries boast of the coveted prefix "Champion". The English Springer spaniels are a good second in numbers, these being thirty, a goodly portion of these being bred by the famous Pinehill Kennels, of Victoria. It is the intention of the proprietor of the Pinehill Kennels to decorate the benches of all these dogs in an original manner and no doubt this in itself will constitute a little show and be quite an attraction to the patrons.

One very outstanding entry in this breed is "High Tide Barney," a dog from the Morgan Kennels, of P. Washington, who has on many occasions carried off the honor of being best in show and has also won his spurs in the field. This dog is listed at a price of \$2,500. From the same kennel are four other entries and they have all done considerable winning on the bench, and there is no doubt but that they will make the competition interesting for the local dogs.

STAR ALSATIAN ENTERED

The next in numbers are Cocker spaniels, with sixteen mostly from the State of Washington and the Milne Kennel, of Victoria, which is represented by four of its famous dogs.

The Alsatians number seventeen, of which the outstanding entry is the champion Benz Gross-Welzin imported direct from Germany by the Black Forest Kennels of Everett, Washington.

Fekinges number seventeen, principally from the Shantung Kennels, of Equinault, and the Craigmor Kennels, of Victoria, two champions being entered by the former kennel. One champion from the Corkett Kennel, of Vancouver is also entered.

The pointers number fourteen with Champion Rap's Cash Daisy being the outstanding entry, this dog being piloted to its championship by that grand old sportsman, Topp Turner, of Equinault, who promises to make the young men step when he gets into the ring with his favorite.

Other breeds that are represented are: Gordon setters, eight; Irish setters, five; fox terriers, twenty-four; Scottish terriers, seventeen; bulldogs, nine; Boston, thirteen; pugs, seven; whippets, seven; Maltese toy terriers, Spitz, Sealyhams, Doberman Pinschers, Collies, Old English sheep dogs, Kerry Blues, St. Bernards, Chow, wolfhounds, Gordon setters, Labrador and retrievers.

This is without a doubt the largest show staged for many years in Victoria, and is what is known as a "four-pointer" in the language of the dog fancier. In other words the dog or bitch that is awarded "winners" has four championship points credited to it. For the last few years the show has not exceeded a two-pointer.

Lieutenant-Governor R. Randolph Bruce has kindly consented to open the show.

In view of the fact that competition will be exceptionally keen in all the classes, Judge Twaites will commence his work at 10 o'clock, and will continue until 1 p.m., when there will be an intermission of one hour. Judging will be resumed and carry on until 6 o'clock, with another intermission of one hour. The evening session will be fully taken up with the judging for the best dog in show, best Canadian bred, best terrier, toy, working, sporting, non-sporting, best from the United States and many other specials which are catalogued.

REGAINS CROWN

JOYCE WETHERED

who regained the British women's golf championship to-day by staging a remarkable comeback in her match with Miss Glenna Collett of the United States.

THE BIG SIX

Only the two trailers of the Big Six did any playing yesterday, as the shift from east to west and vice versa kept the leaders out of action. Jim Bottomley and Paul Waner took part in the free hitting duel between the Cards and Pirates. Bottomley running away with most of the honors. Jim gathered in four safe hits in five times at bat, two of them homers. Waner hit in his sixth consecutive game, but one blow in four attempts. Bottomley rose from 284 to 312 to pass Hornsby.

G. A. B. R. H. Pet.
Gehrig, Yankees 21 78 21 28 359
Ruth, Yankees 21 72 21 25 347
Goellin, Senators 21 84 14 27 321
Bottomley, Cards 25 93 19 29 312
Hernaby, Cubs 25 97 24 29 288
P. Waner, Pirates 22 91 15 24 264

Home runs yesterday: Bottomley, 2; O'Doul, 2; Rheim, 1; Frederick, 1; Ott, 1. National League leaders: Ott, Giants, 8; O'Doul, Phillies, 7; Wilson, Cubs, 6; Jackson, Giants, 5; Klein, Phillies, 5. American League leaders: Gehrig, Yankees, 8; Ruth, Yankees, 6; Fox, Athletics, 5; Simmons, Athletics, 5; Goellin, Senators, 5. League totals: National, 130; American, 86; grand total, 216.

Screen Star With Fast Whippet Which Will Race Here

Going for a walk with Dorothy Sebastian is seen "Sarah Porter," winner of the Hollywood Stakes, and said to be one of the fastest dogs on the continent. "Sarah Porter" will be one of the star performers here at the Canadian Whippet Derby to be held at the Willows on the afternoon of May 24, when sixteen Canadian whippets will compete in what promises to be a thrilling contest.

Roaring Wind Sweeps Courts As U. S. Net Stars Win Matches

Terrible Weather Grooms Opening of Davis Cup Series With Visiting Players Winning Both Singles Matches; John Van Ryn Defeats Willard Crocker, 9-7, 6-2, 6-3, After Wobbly Start; Dr. Jack Wright Puts Up Great Fight Against John Hennessey But Goes Under 6-3, 4-6, 6-1, 7-5; Wright and Ham Play Ryn and Hennessey in Doubles To-day.

Montreal, May 17.—The combined efforts of the weather and the Canadian team failed to stop the United States Davis Cup tennis players here in the first step of their second attempt to take back the historic trophy from France.

The visiting team, erstwhile holders of the trophy, captured both singles matches yesterday when John Van Ryn, Princeton, N.J., defeated Willard F. Crocker, Montreal, 9-7, 6-2, 6-3, and John Hennessey, Indianapolis, defeated Dr. Jack Wright, Montreal, 6-3, 4-6, 6-1, 7-5, and took a commanding lead in the three out of five matches series.

To-day Hennessey and Van Ryn will meet the Canadian medico tennis experts, Dr. Jack Wright, Montreal, and Dr. Art Ham, Toronto. In the doubles, the final singles matches will be staged on Saturday.

DECISIVE WINS

Yesterday's victories were decisive and well earned, and the winners gave a masterful display under the most adverse conditions. The weather was in the opening set, but once Van Ryn had pulled himself together, the young Princeton player sprang into the attack with renewed vigor, assuming the mastery of the situation and crashing through the last two sets with a concentrated attack, he had Crocker in difficulties.

Hennessey met with opposition of the best in his match with Wright. The latter, contrary to expectations, did not appear greatly disturbed by the weather, and set to work to play his formidable opponent stroke by stroke.

He returned Hennessey's loop shots with heavily sliced placements and on the whole held his own at steadiness and general play.

ROARING WIND

Van Ryn and Crocker were the first to take the courts and they did so with a roaring wind driving across, threatening rain at any moment. The young United States star, playing in his first international match, hesitated for a moment to let Crocker lead at 2-1, but steadied and soon forged ahead at 5-3. Crocker made his best effort at this point, taking the offensive to even the score and take a lead of 6-5. With the Canadian serving, the game went to deuce in what proved the critical game in the set, probably in the whole match. Crocker had held the advantage three times running. (Continued on page 9)

CRICKET LEAGUE OPENS TO-MORROW

Albions to Play Cowichan Up-Island; Incogs Meet Five C's at Beacon Hill

The curtain will be officially raised on the Victoria and District Cricket League to-morrow, when the Albions meet Cowichan at the up-island ground and the Incogs play the Five C's at Beacon Hill.

The Incogs have shown exceptional strength in practices and are looked upon as the most popular bid for league honors.

Nevertheless, the Albions are expected to offer them stiff opposition. Little is known of the Cowichan eleven, but it is understood that the up-Islanders have a well-balanced team that should be able to contend on equal terms with the others.

The Albions team will be as follows: E. D. Freeman, F. Jordan, N. F. Pile, E. Parsons, S. J. Clark, J. Reid, C. Blythman, C. Enoch, F. Mawhood and S. W. Barclay.

MUDDERS TO BE FAVORED IN BIG RACE

Sloppy Track Will Probably Greet Bang-tails in King's Plate To-morrow

Irish Sphere Flashes Great Speed in Heavy Going; "Dogs" Are Laid Down

Toronto, May 17.—The weatherman may have much to say about the conditions of equine cabbages and kings when the King's Plate is run at the opening of the Ontario Jockey Club meeting at Woodbine Park Saturday. Wednesday, the track was sloppy and the "dogs" were laid down to protect the inner path.

Irish Sphere showed a sudden return to form and flashed brightly, marking him as a mud lover of the highest order. He gambled along with Best Bonnet to be clocked at the half in 52 3-5, three-quarters in 1:19 3-5, the mile in 1:48 3-5 and the full plate route of a mile and one-eighth in 2:04. Assail appears partial to heavy footing, according to form figures and has won two races in the mud; Circle won one race over a "good track" and his breeding indicates that he will not eye a heavy track askance; Cuddle Doon safely negotiated a heavy track to the winner's post at Long Branch; Dance Circle's best performance was over a sloppy track; Lindsay showed improvement in good going; Master Bobby has performed creditably on a heavy track, and Shoreline went on a race with ridiculous ease over a "good" racing ribbon.

Daisy Fair was sent out to do her stuff in the heavy going and she displayed a decided dislike for the footing. More than that, she showed a streak of meanness, throwing her rider twice. She refused to extend herself and took 1:49 4-5 for six furlongs.

Several friendly games have already been played, but no regular fixtures have been seen. All teams are in fair shape for the opening of the league.

The Incogs, Albions and Five C's have virtually the same teams this year as they had last. The Five C's may introduce one or two new players into the league.

INCOGS STRONG

The Incogs have shown exceptional strength in practices and are looked upon as the most popular bid for league honors.

Nevertheless, the Albions are expected to offer them stiff opposition. Little is known of the Cowichan eleven, but it is understood that the up-Islanders have a well-balanced team that should be able to contend on equal terms with the others.

The Albions team will be as follows: E. D. Freeman, F. Jordan, N. F. Pile, E. Parsons, S. J. Clark, J. Reid, C. Blythman, C. Enoch, F. Mawhood and S. W. Barclay.

Boston Remains Up In Select Division By Double Victory

Club Which is Proving Sensation of National League Puts Skids Under John McGraw's New York Giants in Double-header; Both Victories Obtained by Lone Runs, Scores Being 4-3 and 5-4; Last Game Went Ten Innings; St. Louis Cardinals Creep Ahead of Idle Chicago Cubs in American; Detroit Wins to Improve Standing.

If the Boston Braves stay up there another month they may begin to believe that they belong in the first four. At any event Emil Fuchs seems to have taught them the first principle a team must absorb to escape from the second division, the gentle art of winning the one-run games instead of losing them. His warriors added to the woes of John McGraw yesterday by shading the New York Giants in a double header, 4-3 and 5-4.

What is more significant, the Braves twice came from behind to nose out McGraw's ambitious seventh placer, against the inimitable Larry Benton in the opener and against no-hit Carl Hubbell in the tenth round of the night cap.

TURNESA TO PLAY JOLLY IN FINALS

Former Plays Well to Beat C. Whitcombe and J. J. Taylor in English Golf

Jolly Defeats Compston and Davis; Much Excitement Over Prince's Match

Moorstown, Eng., May 17.—A British and United States professional will contest in the 36-hole final of the Yorkshire Evening News thousand guineas golf tournament to-morrow.

Joe Turnesa, New York, defeated Charles Whitcombe, two up, in the semi-final to-day and will meet H. C. Jolly, who won from W. H. Davies, one up, in the final.

Turnesa played in brilliant fashion to eliminate J. J. Taylor of Great Britain, 5-4.

Leo Diegel, the Canadian open champion, was beaten by Charles Whitcombe, British Ryder Cup star, 2 and 1.

In the British half of the quarter final, George Duncan, who eliminated Walter Hagen in the first round yesterday, was beaten by W. H. Davies, one up.

Herbert C. Jolly, Great Britain, outlasted Archie Compston in a long drawn-out battle, winning one up at the twenty-first hole.

London, May 17.—Considerable secrecy surrounds the golf match announced for the week-end between the Prince of Wales and Walter Hagen, but the newspapers insist it will be played.

The name of the course will be kept a secret, it is said, because of the Prince's desire for a quiet game. It is reported that the Prince and Hagen will be partners and not oppose each other as at first thought. Their opponents probably will be Aubrey Boomer, the British professional, and either Sir Phillip Sasson or the Hon. Piers Legh, the Prince's equerry.

W. Loughheed And Phyllis Hodgson Again Win Races

Phyllis Hodgson and Wilt Loughheed again came home in front in the ladies' and men's fifty-yard swimming handicap at the Crystal Garden last night. Although her handicap was reduced two seconds, Miss Hodgson outdistanced her opponents and finished with a tidy margin over Winnie Pollard, who came second. Betty Pollard took third place.

Frank Hyslop and George Wellburn came second and third respectively in the men's event.

Following the races, Frank Hyslop's water polo team defeated one captained by Tom Wellburn by a 7-2 score.

Hollywood 6 15 0
Mississippi 1 8 0
Batteries—Johns and Cook; McQuaid, Krause and Baldwin.

Seattle, May 17.—Portland broke up an eleven-inning baseball game here yesterday with the Seattle Indians by shoving across four runs to a final split and winning by 7 to 0.

Barbe, Indian right fielder, got his second circuit clout in two days in the seventh with no one on.

Portland 10 14 2
Seattle 7 13 2
Batteries—Beck, Powers, Casarella, Mahaffey, Orman and Bates; Piggett, Graham, Collard and Cox.

INTERNATIONAL LEAGUE
All four games rained out.

Arne Borg Sets New World's Mark

Santa Maria, Cal., May 17.—Arne Borg, Swedish distance swimmer, last night broke the world's record in the 700-yard swim here. His time, 9 minutes 2 3-5 seconds, took 27 seconds off the former record held by Ray Ruddy, of the New York Athletic Club.

SOCCER TEAMS IN CUP MATCH

Victoria City Will Play Westholme To-morrow in Peden Cup Semi-final

In the semi-final of the Peden Cup, Victoria City and Westholme, First Division football teams, will meet to-morrow at 2.15 o'clock. McMillan will referee. The other semi-final between the Five C's and Victoria West has been called off owing to the fact that the former are unable to form a team. The greenshirts win the match by default.

The winner of the City-Westholme game will play the Victoria City in the final for the trophy. Proceeds from this series go towards the injured players' fund.

The teams will be as follows: Victoria City—Bridges, Margison, Tuckwell, Martin, Preston, McBay, Woodley, D. Bissell, Burns, Clancy, Smith. All players are asked to meet at the Veterans of France at 2.45 o'clock.

Westholme Hotel—Robertson, Kipper, Carmichael, Carver, Martin, Vickers, Rutan, Sneddon, Southern, Ross, Hunter.

In the local final of the series to decide the holder of the Davis Cup, emblematic of the Island championship, the James Island and Royal Oak junior football teams will meet to-morrow afternoon at 3 o'clock at Beacon Hill.

The Royal Oak team will be as follows: Johnson, Leggett, Pobbins, Glenn, Gibson, Williams, Viggers, Moore, Halket, Robbins and Campbell.

Three New British Champions Crowned

London, May 17.—Three British championships changed hands in as many fights at Olympia last night. Johnny Suthbert of Sheffield was the first of the trio to snatch a crown, outpointing Harry Corbett of Bethnal Green, to win the featherweight title. The match was over the fifteen-round championship route.

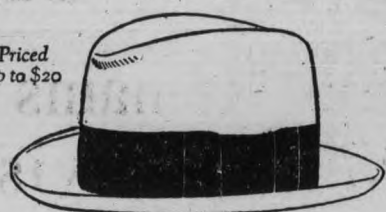

Teddy Baldock captured the second title in the same manner from Kid Patton to become Britain's new bantamweight champion.

Len Harvey of Barbury captured the third championship in a much quicker fashion, knocking out the holder of the middleweight title, Alexander Ireland of Leith in the seventh round of their fifteen-round bout.

Armada Tennis Club Will Open Courts To-morrow

The Armada Tennis Club will open its court to-morrow afternoon at 2 o'clock, weather permitting, according to an announcement made this morning by A. Partridge, the club secretary. The courts will also be open on Sunday from 11 o'clock in the morning. They will then be closed until May 24, when the official opening will take place.

BROCK HATS

Priced
up to \$20Wherever
Well-Dressed Men CongregateMade by WOLTHAUSEN, Brockville
Hatter to gentlemen for over 50 years

When Mile. Simone de la Chaume won the French women's national golf title recently it marked the third successive time she has won this title.

Old Country Cricket

London, May 17.—Through the fine performance of A. P. Freeman, leading English bowler last year, Kent yesterday defeated Leicester by ten wickets. Freeman captured seven of Leicester's second innings wickets for only eleven runs. Total innings:

Kent, 133 and 75 for no wickets; Leicester, 99 and 109. The game was played at Leicester.

Derbyshire won from Hampshire at Portsmouth by five wickets.

Closing scores in other matches yesterday were:

Gloucester, 190 and 321 for four wickets; Middlesex, 70 and 39 runs for one wicket.

Sussex, 60 and 174 for five wickets; Surrey, 151.

Glamorgan, 145 and 215 for seven wickets in a match against Somersetshire.

Northampton, 177 and 249 for six wickets; Warwick, 203.

Nottingham, 396; Cambridge, 273.

Oxford University, 152 and 278 for five wickets; South Africa, 298.

Kentucky Derby Will Be Run To-morrow

Blue Larkspur Is 2-1 Favorite to Win \$50,000 Purse

Kentucky-owned Horse Has Been Public Choice Since Close of Fine Season As a Two-year-old; Blue-blooded Horseflesh From All Over U.S. Will Seek Laurels; Weather Prospects Lean Towards Great Day for "Mudders"; Experts Predict a "Horse Race"; Race Will Be Broadcast Over NBC Stations.

Louisville, Ky., May 17.—East and west, north and south, will send its blue-blooded horseflesh in quest of the classic three-year-old honors of the United States turf to-morrow in the fifty-fifth running of the Kentucky Derby. In the draw to-day Voltair drew the rail position, Paraphrase got second position, and Chicatic third.

If, as expected, a score of thoroughbreds go to the post around 5 p.m., Central Standard Time, the race will be worth \$64,000, of which approximately \$54,000 will go to the victor, in the struggle for speed, stamina and courage over the route of one mile and a quarter.

The weather prospects are dubious with the possibility it will be a fine day for the mud runners, but, rain or shine, heavy going or fast, the experts predict a "horse race," and the promoters expect a notable throng of upwards of 75,000 to jam the picturesque Churchill Downs.

Millions more are expected to tune in over a record radio hookup for the derby, arranged by the National Broad-

casting Company and its associated stations.

BLUE LARKSPUR FAVORITE

Kentucky, as usual, has its favorite in Blue Larkspur, owned by the Idle Hour Farm of Col. E. Bradley. Blue Larkspur has been the favorite for the derby ever since he closed a fine two-year-old season.

The famous son of Black Servant, declared good in any kind of going, probably will face the barrier a 2-1 favorite with Clyde Van Dusen carrying the colors of H. P. Grady, second choice, probably around 4-1 on the basis of wagers reported to-day.

Twice before, in 1921 and 1926, Col. Bradley has seen his horses finish one-two in the derby.

FINE PRIZES ARE DONATED

Two Handsome Cups Will Go to Winners of Road Races on May 25

With a fine list of prizes for both event and senior races to be staged on May 25 by the Pro Patria branch, Canadian Legion, promise to be a great success. Chief of Police John Fry will act as starter with both events commencing at 3 o'clock.

To the winner of the senior event will be awarded the handsome challenge cup presented by the Pro Patria branch. He will also receive a smaller cup presented by E. G. Maynard, besides a leather club bag. To the runner who finished second will go a fifteen-jewel watch and to the third finisher a cigarette case. The fourth will receive a shaving outfit.

In the junior event the winner will receive the David Spencer Challenge Cup, as well as a club bag. The second prize is a Wahl pen and pencil. Third prize is a set of golf cuff links and fourth a cigarette case.

The prizes will be presented by Dave Spencer at a dance and social to be held on May 29 in the branch's club-rooms.

HORSE RACING

Churchill Downs, May 17.—Horse racing results here yesterday follow:

First race—Four and one-half furlongs: Rip Field, \$1.40, \$2.80, \$2.40; Southland Pal, \$1.4, \$8; Haramzada, \$4. Time, 53.3-5.

Second race—Six and one-half furlongs: Mino, \$4, \$3.60, \$2.40; Smoldering, \$6, \$4; Percentage, \$2.60. Time, 1:20.

Third race—Four and one-half furlongs: Gallant Knight, \$7, \$3.60, \$2.40; Jim Dandy, \$2.20, \$2.20; Playtime, \$2.40. Time, 54.3-5.

Fourth race—One mile and one-sixteenth: Kentucky Ace, \$3, \$2.20, \$2.20; Flattery, \$4, \$3; Grand Dad, \$2.40. Time, 1:49.4-5.

Fifth race—One mile: Chip, \$10, \$5, \$3.40; Chicago, \$2.80, \$2.40; Reigh Olga, \$5, Time, 1:39.4-5.

Sixth race—Six and one-half furlongs: Rose of Sharon, \$4.40, \$2.80, \$2.40; Croscro, \$2.80, \$2.40; Martini, \$2.40. Time, 1:20.

Seventh race—One mile and one-sixteenth: Stars and Stripes, Profiteer, Dixie Prince. Time, 1:47.3-5.

ROARING WIND SWEEPS COURTS AS U.S. NET STARS WIN MATCHES

(Continued from page 1)

but each time Van Ryn scored and eventually ran off the game and a few minutes later the set.

As if inspired by the success, the young American star jumped into the attack, taking the first two games at love and winning the first five straight. Crocker then captured two games, with Van Ryn winning the eighth for a two-set lead. Crocker won the first of the third set but soon relinquished the lead, and Van Ryn, playing forcing tennis, continued to take the set 6-3.

Miller Huggins says the toughest problem facing a manager of a ball club is his pitching staff, and the toughest detail is deciding when to change and when not to change pitchers in a game.

Horace Lisenbee, pitcher, and Heinie Wagner, coach, both with the Boston Red Sox, were born on the same day of the year, September 23. Wagner was born in 1881 and Lisenbee in 1903.

Favored to Win Bout With Fielding

HECTOR McDONALD

flashy Vancouver lightweight, who has been established a favorite in his ten-round bout to-morrow night with Tommy Fielding, of Victoria, at the Tiltium gymnasium. McDonald arrived in the city yesterday and worked out last night at the gym. He will go through a light workout to-night at 8 o'clock, while Fielding will go through his paces at 7 o'clock.

SALO SPURTS

TO TAKE LAP

Continues to Gain on Gavuzzi, Bunion Derby Leader, By Second Victory

Sweetwater, Texas, May 17.—John Salo, Pasaic, N.J., continued his assault on the first-place position held by Pete Gavuzzi, England, in C. C. Pyle's "Bunion Derby," by cutting 11 minutes 30 seconds from Gavuzzi's lead in winning yesterday's 50.2 mile lap from Anson in 7:34.40. It was Salo's second consecutive victory.

Gavuzzi was second for the day in 7:47.10, and was tied with Sam Richmond, New York. Richmond approached within 28 minutes 52 seconds of Paul Simpson, Burlington, N.C., who is in fourth place in total time, by his work yesterday.

Giusto Umek, Italy, was fourth in 7:53.00. Phillip Granville, Hamilton, Ont., was tied with Herbert Hedeman, New York, and M. B. McNamara, Australia, for fifth.

In winning the lap, Salo overtook Gavuzzi and Richmond, 17 minutes from the finish line, and soon left them behind.

The first twelve in total elapsed time last night were:

Pete Gavuzzi, England, 31:05.57.
John Salo, Pasaic, N.J., 31:05.12.
Giusto Umek, Italy, 32:08.16.
Paul Simpson, Burlington, N.C., 34:15.13.
Sam Richmond, New York, 34:41.05.
Phillip Granville, Hamilton, Ont., 35:59.20.
M. B. McNamara, Australia, 37:16.32.
Harry Abramowitz, New York, 39:15.42.
Herbert Hedeman, New York, 39:52.25.
Mike Jerce, Cleveland, 41:35.04.
Guy Shields, Picher, Okla., 44:10.05.
Elwin Harsine, Santa Rosa, Cal., 44:16.13.

Oregon University Golfers Take Lead

Seattle, May 17.—At the halfway mark of the Pacific Coast Conference golf tournament here yesterday, the University of Oregon held a seventeen stroke lead over the field, with Washington University second and Stanford, defending champion, third.

The average score for yesterday's thirty-six holes was 293. The remaining thirty-six holes will be played to-day.

Don Moe, Oregon, copped individual honors for the day with 145 strokes.

JABBY

"I'm not throwing any halos at myself, but I'd feel insulted if they buried me in a fireproof vault."

MOORE HURLS

FORDS TO WIN

Move Into Tie For First Place in Garage League By 13-7 Victory Over Dodges

Frank Moore, veteran of the diamond, pitched the Fords to a 13-7 victory over the Dodges in the Garage League baseball fixture at the Royal Athletic Park last night. The win put the Nationals in a tie for first place with Pimleys.

In the first inning the Fords scored nine runs and were never headed. Kirkham's homer, over the right field fence, was the feature of the game.

Humphries opened the game on the mound for the Dodges, but was replaced by Hughes in the second inning.

The score:

R. H. E.

Golf Goat Getters

COPYRIGHT, 1929
BY NEA SERVICE INC.

By VERNE WICKHAM

If you took a shovel or a hoe down into a trap and used it to smooth the sand so you could have a square shot at the ball, you couldn't hurt a real golfer's sensibilities any more than grounding your club in the trap and smoothing out the sand back of the ball.

You'll see lots of golfers smoothing the sand with their clubs while addressing the ball. They will drop the club just back of the ball and scrape a nice trough up to the ball and then

"smack" out she comes on to the green followed by the golfer with a big grin on his face as if he had made a fine shot. Using a wooden tee in the trap couldn't be much worse.

The rule is very plain on this breach and the penalty is loss of the hole in match play. Here's the rule: "When a ball lies in or touches a hazard, nothing shall be done which can in any way improve its lie; the club shall not touch the ground, nor shall anything be touched or moved before the player strikes at the ball."

The golfer who improves his lie in the trap usually alibis himself by insisting that he should not be penalized because some dub left a heel print in the trap. Remember one shouldn't be in the traps. They are put there to penalize bad shots. Don't beat the game by improving your lie in the traps. When you leave the trap, smooth your own heel marks out evenly. Don't ground your club in the trap.

GOLF FINALS

ARE CARDED

Deciding Matches in All Flights of Uplands Club Championship on Sunday

Finals in all the flights, with the exception of the championship flight, in the Uplands Golf Club championship will take place on Sunday. The championship final between Bob Morrison and Harold Brynjolfsson will be played on May 24.

Sunday's flights along with the starting times will be as follows:

FIRST FLIGHT
10 a.m.—C. Morrison vs. J. A. Oddy.

SECOND FLIGHT
10:05 a.m.—F. R. Moore vs. J. Melville.

THIRD FLIGHT
10:10 a.m.—D. H. Aaronson vs. H. Mearns.

FOURTH FLIGHT
10:15 a.m.—A. W. McIntyre vs. C. W. Geiger.

FIFTH FLIGHT
10:20 a.m.—G. Lytton vs. A. C. Fletcher.

At 2:30 p.m. members of the club will participate in the long driving competition. The putting contest will commence at 1 o'clock.

At 4 o'clock, prizes will be presented to the winners.

MAY 24 CONTEST

On May 24 the club will hold a mixed foursome handicap competition to raise funds for the Victorian Order of Nurses. The entry fee will be \$1 a couple, and members of other local clubs are invited to play.

Competitors will arrange their own partners and opponents and also determine their starting times. Play will continue all day. Half the combined handicaps will be allowed. Visiting players from other local clubs will not be charged green fees.

Members of the Uplands Golf Club are advised that to-morrow the first tee will be closed to play from 1:50 p.m. until after the final round of the ladies' championship is well clear.

WORLD'S GREATEST TRAVEL SYSTEM

A man could save himself a lot of trouble by marrying his second wife first.

CLEVELAND WILL SAIL OUTBOUND

American Mail Liner Will Take Fair Passenger List to Orient To-morrow Evening

Bound for ports in China, Japan and the Philippine Islands, the American Mail liner President Cleveland will sail from the Rithet piers here to-morrow evening at 6 o'clock with a seasonable passenger list and a capacity cargo of northwest products and overland freight.

According to present schedule the Cleveland will sail from Seattle at 11 o'clock to-morrow morning, and with favorable tidal conditions in the Sound will arrive here at 4 o'clock in the afternoon. She will remain two hours to pick up local passengers, cargo and mails before putting to sea en route to Yokohama, her first port of call in the Orient. She will reach the Japanese port after eleven days' steaming across the Pacific.

Among the passengers who will sail to-morrow aboard the Cleveland and tourist Count Comte de Churruariz de Villaverde, Barcelona, Spain, with the Compania de Tabacos de Filipinas, en route on business and pleasure to Tabacalera, Manila.

Another passenger to-morrow will be B. R. Bates, general agent of the

GERMANY BUILDS TO GAIN SPEED LAURELS

North German Lloyd Plans Surprise With Liners Europa and Bremen Building for Transatlantic Service; Merchant Marine Now 4,000,000 Tons as Compared With 5,500,000 Tons Before War.

Intent upon securing the speed laurels of the Atlantic, Germany is concentrating her engineering genius in perfecting two marine leviathans which will soon be placed in the New York trade. It was stated here to-day by L. Dana Wilgus, Canadian trade commissioner to Germany, who has just arrived in Canada from Berlin.

The Europa, the completion of which was set back by a disastrous fire of unknown origin a short time ago, and the Bremen, a sister ship, have been designed to defeat all competition in speed in the transatlantic service.

The building of these ships by the North German Lloyd is an experiment in speed and new tonnage features that is being watched with the greatest interest in Germany, comparable only to the interest displayed in the Diesel super-cruiser of 10,000 tons recently completed for the German navy.

With a large number of passengers and a capacity cargo, the Canadian-Australasian motor liner Aorangi sailed from Honolulu this morning for Victoria and Vancouver, according to advance schedule in the hands of L. D. Chetman, local agent.

She is scheduled to arrive here next Friday morning, but will probably make port Thursday evening, as Canadian-Australasian liners from the Antipodes have been doing for the last two or three months.

Steel For New C.N. Hotel At Vancouver Comes From Montreal

Hotel At Vancouver Comes From Montreal

Montreal, May 17.—The Dominion Bridge Company Limited has been awarded the contract to supply the steel for the Canadian National Hotel at Vancouver. Approximately 5,000 tons of steel will be required for the work.

Excavation for the new hotel has almost reached completion, and foundation work will commence within the next fortnight, it is announced.

Fisheries Inquiry By Tariff Board

Ottawa, May 17.—Canada is attempting to revise her entire fish classification in the customs tariff schedule, announced W. H. Moore, chairman of the Tariff Advisory Board, at the board's session yesterday. The hearing, at which revisions of the tariff schedule on fish and fishermen's equipment were suggested, was adjourned until a date to be set in the autumn.

Investigations on both ocean coasts had been completed. Mr. Moore stated, and further inquiries would be conducted if necessary. He believed that an adjustment until autumn was advisable. A. W. Neill, M.P., representing fishermen of the Comox-Alberni district of British Columbia, agreed.

Only two applications were really considered by the board. The first, from halibut fishermen of Prince Rupert, B.C., asked for a lower duty on fishing equipment so that they might be assisted in their competition with United States fishermen who made Canadian ports "bases of operation."

The second, from manufacturers of refrigeration machinery, the Linde Canadian Refrigeration Company, opposing the recommendation of the Department of Fisheries, from W. A. Pound, Deputy Minister, which asked for free entry of approved equipment for the freezing of fish.

SETTLERS POUR INTO PRAIRIES

Six Special C.N.R. Trains Bringing Large Numbers From Atlantic Liners

Winnipeg, May 17.—With a period of forty-eight hours almost 1,500 farm workers for Western Canada will have arrived in Winnipeg over the Canadian National Railway. Six special trains are necessary to bring them to their future homes. The first special from the C.P.R. liner Duchess of York steamed in early Tuesday morning with 204 passengers, the majority of whom were a wealthy class of Germans. Practically all of them were young men.

Passengers from the steamship Atriana came in on the second special later in the same morning, carrying 144 new Canadians. This train carried the board's season yesterday. The hearing, at which revisions of the tariff schedule on fish and fishermen's equipment were suggested, was adjourned until a date to be set in the autumn.

Two all British specials will be in next, the first with passengers from the Doric, carrying eleven families. Two hundred young men and twenty girls for the Saskatchewan Government arrived at noon yesterday. The second all British train arrived early this morning, with passengers from the Letitia and the Megantic. One hundred and eleven Scandinavians arrived last night. Swedes and Norwegians make up the largest number.

Great Lakes Storm Takes Heavy Toll

Sault Ste. Marie, Ont., May 17.—Four vessels in trouble, one of which, the freighter Ralph Budd of the Great Lakes Transportation Company, will be a total loss, and two men washed overboard from the freighter W. B. Davock of the Interlake Steamship Company, seem to have been the toll of Wednesday's storm, as far as can be learned from a canvass of the sources of marine information to-day.

The steamer Ralph Budd, the 1,000-ton freighter of the Great Lakes Transportation Company reported yesterday to be pounding to pieces in heavy seas, six miles west of Eagle Harbor, is in a bad position on the rocks and probably will be a total loss. The crew of thirty-one men was taken from the vessel without accident.

The Robbings upbound in Lake Huron, tried to pick up the water-logged schooner Redfern and lost five automobiles from her deck load. About fifteen others hung over the rail and the balance of her cargo was damaged.

"BIG TRAIN," SERIOUSLY ILL, GOES HOME

Suffering from a serious recurrence of an illness that disabled him last year, Walter Johnson, manager of the Washington Senators, quit the team on the road and here is pictured upon his arrival in Washington en route to Emergency Hospital. With him here is Mrs. Johnson, as she met him at the station.

INTERFERED WITH FARMERS' BOARD

Reasons He Resigned as Secretary Given By C. E. Whitney-Griffiths

Government Seeks Complete Control of Institutes, He Says

C. E. Whitney-Griffiths gave out here to-day correspondence showing that he resigned as secretary of the advisory board of British Columbia Farmers' Institutes as a protest against what he calls the deliberate policy of the Department of Agriculture to interfere with the work of this organization.

At the same time Mr. Whitney-Griffiths announced that he had just been informed by James Bailey of Sardis, chairman of the advisory board, that so far as he was concerned the board would stand by its policy of refusing to be controlled by the Government.

Mr. Whitney-Griffiths also made public for the first time resolutions passed privately by the advisory board during its last meeting here. These resolutions reaffirmed "complete confidence" in the secretary, and recognized "that all the success of our past has been more largely attributed to him than to all our other efforts."

Mr. Whitney-Griffiths also made public for the first time resolutions passed privately by the advisory board during its last meeting here. These resolutions reaffirmed "complete confidence" in the secretary, and recognized "that all the success of our past has been more largely attributed to him than to all our other efforts."

**Tired, Burning Feet**

Tender feet—tired, aching, burning and swollen feet! The minute you put them into a "Tiz" bath you can feel the pain being drawn out and glorious comfort being restored.

allow the payment of these moneys that caused the present trouble. STAND BEHIND RESOLUTIONS. "I have just been in touch with Mr. Bailey and he assures me that he will stand behind the resolutions of the board," Mr. Whitney-Griffiths said, and to support this statement gave out a memorandum which he sent to all members of the board on January 10 last. This says: "I understand there is a determination to bring the institutes back under complete control of the Government as it has been stated to me that the advisory board has got out of hand, or the movement has, through them. The president wishes it clearly understood that he stands by the resolutions already passed. The board must go on and stand or fall on its record, and it will act as a unit in its decision."

SEEMS TO CONTROL FARMERS. Mr. Whitney-Griffiths has sent to all members of the advisory board a detailed account of his recent dealings with Mr. Atkinson. "The Minister," he says, "clearly stated to me that he intended to have full and complete control of the department, which you clearly understand means, the Government is determined to gain complete control of the Farmers' Institutes and put them back in their old place."

At the same time Mr. Whitney-Griffiths announced that he had just been informed by James Bailey of Sardis, chairman of the advisory board, that so far as he was concerned the board would stand by its policy of refusing to be controlled by the Government.

Mr. Whitney-Griffiths also made public for the first time resolutions passed privately by the advisory board during its last meeting here. These resolutions reaffirmed "complete confidence" in the secretary, and recognized "that all the success of our past has been more largely attributed to him than to all our other efforts."

Mr. Whitney-Griffiths also made public for the first time resolutions passed privately by the advisory board during its last meeting here. These resolutions reaffirmed "complete confidence" in the secretary, and recognized "that all the success of our past has been more largely attributed to him than to all our other efforts."

Engineers From Mining Districts Meet Minister

Engineers of the Mines Department from all over the Province met the Minister in conference here yesterday to go over the work planned for the year.

The conference was held with the Minister of Mines, Hon. A. McKenzie; Robert Dunn, Deputy Minister; J. D. Galloway, mineralogist, and Patrick Philip, Deputy Minister of Public Works.

Four passengers in this car were hurt, two seriously, when a tornado swept the machine from the road, spun it through the air and tipped it into a ditch on a Wisconsin highway the other day near Eau Claire. Ten were killed and more than 100 hurt in the storm.

Heal It With Zam-Buk

To dress any Cut, Bruise, Burn, Scald, or Scratch with Zam-Buk means that pain is soothed away—that injured skin is instantly protected against poisonous germs—that natural healing is hastened.

Even wounds that have taken "bad ways," and obstinate cases of Eczema, Psoriasis, Ulcers, Ringworm and Piles, are all successfully treated by this wonderful herbal balm.

Splendid For SKIN TROUBLES

SUBCONSCIOUS MIND IS TOPIC

Prof. R. M. Mobius Addresses Men's Club of City Temple

An address on "Psycho-Analysis in Everyday Life" was given by Prof. R. M. Mobius before the City Temple Men's Social Club Tuesday night in Temple Hall.

The professor declared that people lived ninety-five per cent of their lives in the subconscious mind which controlled whim, traits, desires, likes, affections and health. He pointed out that no matter how long ago a circumstance or even a thought, it was never entirely forgotten, but was conserved in the subconscious mind ready to come forth into the conscious memory.

All obstacles and adverse conditions can be mastered and overcome by educating one's self in the right use of the fundamental laws which can either make or break our being mentally or physically," he said, emphasizing the great care that should be taken with the upbringing of the younger generation, because of their plastic minds absorbing such thoughts and visions that will recur and have much to do with their attitudes in after life.

CANADIAN LEGION SEEKS TO INSPIRE SCHOOL CHILDREN

Perpetuation of Memory of Heroes in Schools Is Object of Resolution

At a meeting of Pro Patria branch of the Canadian Legion, held in the club-rooms, 625 Courtney Street, Tuesday, the delegates to the recent convention at Chilliwack presented interim reports on the business transacted.

Evidence of steady growth was seen in an increased membership of 1,000 in British Columbia during the last year, making a total enrolment of more than 8,000. Branches in the Province number 103, with others forming.

Arrangements are being made to include in the British Columbia command several Canadian Legion branches in Washington, Oregon and California. There are 760 branches in the Dominion with a total membership in excess of 80,000.

Comrades J. Berry, L. A. Whitlaw, T. Mayo and H. W. Hart made reports. A full report would be sent out from the provincial office in due course, they said.

Comrade W. G. Stone, zone representative, received an enthusiastic greeting when he addressed the meeting on organization matters.

Comrade Hart received endorsement of his action in introducing the following resolution at the convention: "Whereas the Empire's greatness is due mainly to the known and unknown heroes and pioneers whose contribution to science and industry, commerce, etc., has conferred great benefits upon mankind; and

"Whereas the early training of these benefactors was gained in the schoolroom and their attainments are an inspiration to children of the present and future generations to emulate the example set; and

"Whereas the future of the Empire is in the hands of the children of today and succeeding generations;

You'll feel the difference

Straight, smooth roads of the valley behind you... snow clad peaks ahead... now comes the test... you are climbing your first long hill on Sternal.

You press the accelerator, gradually at first, then down to the floor boards... you feel the rear wheels grip the road as you unleash the power behind those flashing pistons.

You can actually feel the difference... you sense that smooth, new source of power that Sternal adds with increased compression.

Have your crank-case drained and filled with Sternal now and FEEL the difference for yourself.

DIED

FORMAN—At the family residence, 1000 Terrace Avenue, Hannah Selma Louise, beloved wife of James Forman, leaving her husband and daughter, Helen Tremaine Forman, to mourn her loss. Funeral private. No flowers, by special request.
(Halifax and Truro, Nova Scotia, papers please copy.)

McCONNELL

On May 15 at the Royal Jubilee Hospital, James McConnell, eighteen-year-old son of Mr. and Mrs. James McConnell, of 322 Lansford Street, born in Glasgow, Scotland, and came to this city with his parents at the age of one year. There survive, besides his parents, three brothers, Matthew, David and John McConnell, all at home. Four sisters, Mrs. F. E. King of Vancouver, Mrs. A. Shanton of Seattle, Mrs. J. McConnell of Victoria, and Mrs. J. McConnell at home; also a grandmother, Mrs. Jane Booth, at the family residence.

The funeral will take place on Saturday, May 18, at 3 o'clock, from the Sands Funeral Chapel, Rev. J. S. Patterson will officiate and the remains will be laid to rest in Ross Bay Cemetery.

MEHREY, ROE & CO. LIMITED

214 Fort St., Cor. Broad. Phone 3308.

"LAND REGISTRY ACT"

Section 100.

IN THE MATTER OF Lot 12 of Section 26, Beckley Farm, Victoria City, Plan 134.

PROOF having been filed in my office of the loss of Certificate of Title No. 50546-1 to the above mentioned lands, in the name of Harriet Smith-Neil, and bearing date the 8th day of October, 1922, I hereby give notice of my intention at the expiration of one calendar month from the first publication hereof, to issue to the said Harriet Smith-Neil a provisional Certificate of Title in lieu of such lost Certificate.

Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

Dated at the Land Registry Office, Victoria, B.C., this 11th day of March, 1929.

H. J. CRANE, Registrar, Victoria Land Registration District.

CORPORATION TOWNSHIP OF ESQUIMALT

TENNIS COURTS

Tenders are invited for the rental of 3 grass tennis courts at the Esquimalt Memorial Park. For full particulars apply to the undersigned.

Trail Ore Receipts

Over 200,000 Tons

Nelson, May 17—Lead ore and concentrates received at the Trail smelter of the Consolidated Mining & Smelting Company of Canada Limited during the past week sent the total receipts for the year to date over the 200,000-ton mark and brought the company mines shipments for the year to date up to just short of that mark. A total of 202,472 tons has been received since January 1 of which 193,628 tons were from company mines. Custom mines shipped 9,877 tons of the year's total to date.

Company mines shipped 10,952 tons during the period of May 8-14 inclusive, while custom mines shipped 368 tons.

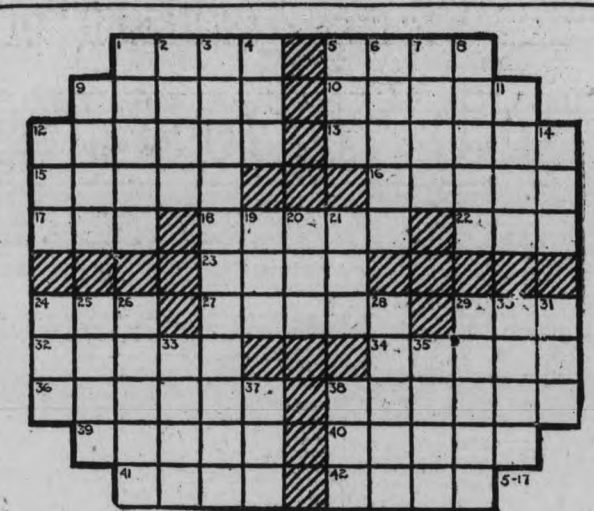

A shipment of forty-five tons from the Mountain Chief Mine at Alamo was the first received at the smelter from that mine this year.

Mines shipping were: Hewitt, Silverton, 33; Noble Five, Sandon, 26; Ruth, Sandon, 83; Sully, Beaverdell, 48; Whitewater, Hetalack, 45; Mountain Chief, Alamo, 45; Standard, Silverton, 34.

Detroit, May 17—General Motors deliveries by dealers to consumers in April were 27,203 cars and trucks, an increase of 18,185 over March and 13,936 over April, 1928.

Total deliveries to consumers for the first four months of this year were 87,479, an increase of 38,099 over the total for the first four months of last year.

Empress Of Russia Due Early To-morrow

With the largest passenger list of the year, 1,065 souls in all, the Canadian Pacific liner Empress of Russia will arrive at the William Head quarantine station to-morrow morning at 4 o'clock, according to latest word received in Victoria from the commander of the ship.

SAN FRANCISCO SHIPPING

San Francisco, May 17.—Capt. Robert E. Judson, formerly in command of the Intercoastal liner Colombia, yesterday was appointed a port pilot at San Pedro and left yesterday afternoon to take up his new duties. Capt. Judson for the past several years had been master of the Colombia. He

FLIVVER DIRIGIBLE FAMILY GROWS RAPIDLY

It wasn't so long ago that the Goodyear-Zeppelin Company of Akron, Ohio, manufactured its first flivver dirigible, a tiny copy of the Graf Zeppelin. The family has grown rapidly, there now being three of the craft in the hangar at Akron. The newest addition to the group is the Volunteer, shown in the foreground. The others are the Puritan and the Pilgrim.

FEARED EIGHTY MORE IN CLEVELAND DYING OF GAS POISONING

(Continued from page 1)

ally strong and high that some of the coroner's morgue assistants were rendered unconscious.

"The insidious part about the two gases is that their fatal action is often delayed four to five hours, and sometimes five to six days. Even then if they don't kill, the

JUNGS OF VICTIMS ARE SO WEAKENED THEY FALL VICTIMS TO PNEUMONIA.

WILL REBUILD

Cleveland, Ohio, May 17.—The Cleveland Clinic Hospital, where up till noon to-day 125 persons had lost their lives as a result of two explosions of poisonous gases Wednesday, will be rebuilt under plans being formed to-day by a committee of thirty-five prominent citizens. Dr. George W. Crile, one of the founders of the institution and its director, will be at the head of the new clinic.

"We must go on," he said.

Grief-stricken and overburdened with the tragedy which had come upon him, the surgeon, who gained international renown through his research and other medical discoveries, laid plans with the committee for re-establishment of the institution.

LOSS IS \$750,000

The loss from the explosions and fire was set to-day at \$750,000, principally in medical records.

The death toll in the explosions mounted last night, and even to-day it was feared all those who eventually will succumb to the noxious fumes had not been counted. Three firemen and as many policemen who aided in rescue work went to hospitals last night. Others were ill at their homes, among them Fire Battalion Chief Michael J. Graham.

Some of the physicians declared, however, that those who should survive the next twenty-four hours probably would not suffer permanent effects of their exposure to the deadly gases. But grave concern was felt for those who were reported injured last night and a search for seventy-five "missing" patients was started.

These persons, officials announced, had appointments for examinations at the clinic. Their names were given out in order that they might report themselves uninjured or undergo examinations. Some of them might have left the building without notifying clinic officials or police. It was feared that if their lungs were filled with the gases there still was a possibility they might succumb.

The porpoise, usually considered a stupid creature, is now said to have a much larger brain than a man.

Kid McCoy, who has been married thirteen times, is now fire chief at San Quentin. Well, the kid certainly should know how to put out the old flames.

ARCHITECTURE—IN THE BEST MODERN MANNER

Well, if six such pretty girls are going to make artistic whoopee in public, there's no more suitable place for it than at a museum of art. That's just what happened in Philadelphia the other day, when the members of an "Adam and Eve" ballet staged a public rehearsal for publicity purposes. Here you see the effect of a beautiful frieze as the girls capered about one of the huge columns at the entrance to the museum.

TOYAMA MARU TO ARRIVE HERE AT NOON TO-MORROW

The steamer Taiyo Maru, flagship of the Nippon Yusen Kaisha fleet, and the Yoshino Maru, yesterday were purchased by the company from the Japanese Government. The Taiyo Maru was formerly the German steamer Cap Finisterre and the Yoshino Maru was the German steamer Kleist. Both vessels were awarded to the Japanese Government after the World War by the reparations conference.

George Eggers, of the States Steamship Company of Portland, arrived here yesterday on a business trip. He was in Los Angeles the early part of this week, and he said that he expects to stay here the remainder of the week.

MARILYN ENTERS THE TALKIES

Marilyn Miller, musical comedy star, has signed a contract with First National-Vitaphone for a series of talking pictures, the first of which is to be "Sally," for which she will receive \$100,000. The company has an option for a second and third picture, for which she is to receive \$150,000 each.

NEWS IN BRIEF

Doris Johnson, charged with vagrancy in City Police Court this morning, was remanded until to-morrow on her own recognizance.

When he pleaded not guilty to a charge of peddling without a license, Daniel W. Barnett was remanded until this afternoon in Esquimalt Police Court yesterday afternoon.

The Victoria Horticultural Society will hold a planting bee at the Central School grounds to-morrow afternoon. Members are asked to be on hand as soon after 2 o'clock as possible.

Judgment in the case of F. Leighton Thomas, charged with soliciting patronage for hotels on a C.P.R. boat, was further reserved by Magistrate George Jay in City Police Court this morning until next Tuesday.

Daniel H. Forbes was fined \$20 in Saanich Police Court yesterday afternoon for driving to the common danger on North Quadra Street. The charge arose out of a collision last Saturday.

The Metcoshin and Sooke roads are being given a surface treatment of bitumen, and for the next two weeks motorists are asked to travel slowly when passing over them. It is possible the roads should be avoided altogether.

The men of H.M.S. Colombo will be the guests of the Pro Patria branch, Canadian Legion, B.E.S.L., at a smoking concert in the clubrooms, 625 Courtney Street, on Saturday evening. Members of the branch will be welcome.

George H. D. Chandler, charged in Esquimalt Police Court with driving to the common danger, was dismissed yesterday afternoon in a judgment handed down by Magistrate George Jay. H. A. Beckwith appeared for the defence.

Members of the Victoria City Temple will hold a general meeting at 8 o'clock to-night in Temple Hall for the purpose of electing officers. Following this, a musical programme will be given and refreshments will be served in the dining-room.

When witnesses testified that the defendant's car was travelling at a fast rate of speed when it struck a cow on Cedar Hill Crossroad, J. E. Fugh was fined \$10 in Saanich Police Court on a charge of driving to the common danger.

The Victoria branch of the B.C. Goat Breeders' Association will meet at the Y.M.C.A. on Monday next, at 8 p.m. Final arrangements for the kid show, which is to be held on June 22, will be discussed at this important business meeting.

The tennis club of Emmanuel Baptist Church will give a popular concert in the schoolroom this evening at 8 o'clock. The club will be assisted by instrumental and vocal artists and several elocution contestants in the recent Musical Festival.

The annual meeting of the Esquimalt District Liberal Association will be held at Luxton to-morrow for the purpose of electing officers for the coming year. Esquimalt delegates will leave the corner of Admiral's Road and Esquimalt Road at 8 p.m. sharp.

Lou Gip Yen, Chinese, was further remanded in Esquimalt Police Court yesterday when he was arraigned on charges of having opium in his possession and of having a suit suitable for the manufacture of spirits. The case will be called Monday at 2:30 p.m.

Seven automobile drivers were each fined \$15 in Saanich Police Court yesterday afternoon on charges of failing to produce their drivers' licenses upon the demand of an officer. They were A. M. Clark, R. W. Watson, W. Sproule, R. Taylor, J. C. Stewart, Alexander Joseph and T. Lidstone.

Registration of voters on the provincial voters' list will close throughout the Province on Monday, May 20. In Victoria city and Esquimalt electoral districts many who did not vote at the last Provincial election have failed to qualify yet for reinstatement. The actual revision of the list begins on Monday before George H. Mabon, registrar in charge of the work.

At the organ recital to be given at St. John's Church next Monday evening, Mrs. Arthur Dowell will sing "With Verdu Chud," from Haydn's "Creation," and "Hear Ye Israel," from Mendelssohn's "Elijah." Miss Adele Bucklin will play the violin solo, "Hymn to the Sun," by Rimsky Korsakoff. The organ selections will include excerpts from the most famous symphonies of Beethoven and Schubert.

At a meeting of the district council of the Canadian Legion held in the club rooms of Pro Patria branch, last night, resolutions were passed expressing grateful thanks to the following for service rendered in connection with the lectures of Admiral Campbell at the Royal Victoria Theatre, May 9, Murray, Navy League, T. H. Rowles, the Victoria Boys' Orchestra, The Times and The Colonist.

Members of the Army and Navy Veterans in Canada, No. 12, will attend a memorial church service at St. Alban's Church on May 26, at 7:30 p.m. Members are asked to meet at the church five minutes in advance of that hour. Rev. J. W. Leighton, chaplain of the Victoria unit, will conduct the service. At a general meeting of the organization held last night at the clubrooms on Fort Street, it was decided to hold the annual picnic at Finlayson Arm on July 1.

Directors of the Victoria Chamber of Commerce will this evening hold a round-table meeting in Vancouver with members of the Vancouver Board of Trade where matters of interest to the two cities will be discussed.

The Victoria men will be met on the arrival of the afternoon boat in Vancouver and will be driven to the Vancouver Club for dinner. Short talks on subjects of mutual interest will be given and the meeting is expected to strengthen the spirit of co-operation for the progress of British Columbia which has been marked by the friendly feeling existing between the two organizations in recent years.

The directors of the Victoria Chamber of Commerce will this evening hold a round-table meeting in Vancouver with members of the Vancouver Board of Trade where matters of interest to the two cities will be discussed.

Dismissal of Disabled Veteran Brings Storm Of Protest On Shelly

Vancouver, May 17.—Commenting upon a news dispatch from Prince Rupert to the effect that Hon. W. C. Shelly had dismissed Norman Watt, government agent at Prince Rupert, A. M. Manson, K.C., former Attorney-General, issued the following statement:

"I hardly believe that Mr. Shelly has done such a thing. Lieut. Watt was a gallant soldier. He won a decoration on the field for distinguished conduct; he almost gave his life, and he bears the scars of battle for the rest of his days, in the service of the awful polio, and for two little daughters. Truly Mr. Shelly has no sense of gratitude towards those who fought for us, if this thing has been done. Politics is a cold business with some, but can it be that it is so callous that we are to sacrifice handicapped veterans who made the sacrifice for us?"

EX-GOVERNOR OF QUEBEC TO ARRIVE HERE

Hon. N. Perodeau, Recovering From Illness, Due From Orient To-morrow

Son Reaches City From East to Meet His Distinguished Father

Recovering from a critical illness, Hon. Narcisse Perodeau, former Lieutenant-Governor of Quebec, will arrive in Victoria to-morrow morning aboard the Canadian-Pacific liner Empress of Russia, inbound from the Far East. He is accompanied by his granddaughter, Miss Yvette McKenna, and Miss Jean Price, daughter of Lady Price, of Quebec.

Horace Perodeau, son of Hon. N. Perodeau, and well-known broker on the Montreal Stock Exchange, reached the city yesterday afternoon and is at the Empress Hotel awaiting the arrival of his distinguished father.

Following his retirement from the Lieutenant-Governorship of the Province of Quebec, Hon. Narcisse Perodeau took a holiday trip to India. On arrival in Calcutta he was taken seriously ill with bronchial pneumonia and at a time the gravest fears were felt for his recovery. After leaving hospital in Calcutta he was permitted to return to the liner Empress of Asia, completing a tour of the world. This morning he played golf over the Oak Bay course of the Victoria Golf Club. "The only course that is comparable to it is the one at Bermuda in the West Indies," he said.

Horace Perodeau is paying his second visit to Victoria and he is greatly enamored with the city. He was last here with his father when they arrived from the Orient in 1913 aboard the liner Empress of Asia, completing a tour of the world. This morning he played golf over the Oak Bay course of the Victoria Golf Club. "The only course that is comparable to it is the one at Bermuda in the West Indies," he said.

BARQUENTINE ORDERED SOLD

Claims Totalling \$3,653 Are Allowed Against Forest Friend

Famous Old Sailing Ship to Go Under Hammer; Master Seeks \$3,100

An order for the appraisal and sale of the five-masted barquentine Forest Friend, now lying at Esquimalt, was made by Mr. Justice Martin in the Admiralty division of the Exchequer Court to-day, for the satisfaction of judgment creditors who filed claims totalling \$3,653 against the ship.

H. W. Davey, on behalf of Capt. Edwards L. Tindall, master mariner, who brought the sailor from Australia to local waters via Peru, filed claims for wages and disbursements by the master for \$3,100.

H. J. Davis, for the Island Tug and Barge Company Limited, presented a claim for \$300, for towage from the Port Winslow to Esquimalt.

H. G. S. Heisterman, for Yarrows Limited, said \$253 was owing that firm for wharfage, towing and handling in the Esquimalt basin.

Judgment was entered for each claimant in the sum asked, with the concurrence of counsel that sums realized by the sale of the ship will be paid into court, with all three judgment creditors to share proportionally any funds available for the purpose.

The Forest Friend was brought to this coast from Newcastle, N.S.W., and was owned by the Massey-Mort Ship-ping Company, now in liquidation. She sailed via Callao, Peru, to Port Towns, and proceeded later in ballast to Port Winslow and then to Esquimalt, awaiting cargo arranged on charter.

Prior to reinsurance for the intended voyage out, the Forest Friend necessitated a repair bill of some \$8,000, and the money was not forthcoming to do the work, the court was told.

The sum of \$2,000 held in trust by the charterers, J. J. Moore and Company, was not released by that company, and Capt. Tindall was reduced to borrowing on the security of his ship and himself to escape the claims of the ship in U.S. waters. Finally, with over \$3,000 owing to himself, Capt. Tindall joined other claimants in arresting the Forest Friend.

NEED OF WARRANT WILL BE DECIDED

Entry of Gaming House Without Order Results in Legal Argument

Whether or not the finding of certain gambling paraphernalia constitutes a prima facie case that premises are a common gaming house when the premises are entered without a warrant is the question of law under consideration in City Police Court following the apprehension of thirty-seven Chinese gamblers, behind the signboard he saw and subsequent charge that they were inmates of a common gaming house.

W. C. Moresby, K.C., who appeared for the accused this morning, raised the issue that a definite decision should be made on this point in order to standardize such cases in the future.

According to the prosecution evidence, Sergeant Thomas Heatley and Constable Louis Callam entered the Dai Fat Club at 4:10 p.m. on May 10 without a search warrant. They seized fan implements and other articles for use in lottery besides a small amount of money. Thirty-seven Chinese in the place were charged with being inmates.

Manitoba Case

Mr. Moresby quoted a recent decision of the Manitoba Court of Appeal in which it was held that because officers, which entered alleged gaming premises had no warrant, there was no evidence.

Claude L. Harrison, city prosecutor, insisted that he would not agree to a court-written memorandum on the question.

Mr. Moresby said that while single judges in British Columbia had held the finding of such paraphernalia was prima facie evidence, the appeal court had never thoroughly investigated the question.

Case Adjourned

The case was adjourned until next Tuesday. Bail of \$25, posted for each of the accused Chinese, was ordered released by Magistrate George Jay when Mr. Moresby undertook to pay any fine which should be subsequently ordered.

Went Behind Signboard For Drink, He Says

John Morrison went behind a signboard on Pandora Avenue yesterday afternoon and took a bottle of loganberry wine out of a bag. He was going to have a drink, he said, in City Police Court this morning.

Two Indians, Tommy Steel and Archie Joe, followed Morrison behind the signboard. Morrison told them to go away and let him drink in peace, according to his own testimony.

But when Deputy Chief of Police Harry O'Leary walked by and chanced to look behind the signboard he saw Morrison with the bottle in one hand and his other hand extended towards the two Indians. The Indians were counting out some money, the deputy said.

Seeing the deputy, the Indians put away their money, but Morrison was arraigned in court to-day on a charge of attempting to supply liquor to Indians. He was found guilty and sentenced to two months' imprisonment with hard labor.

An invitation to visit the Bamber-ton plant of the B.C. Cement Company this summer has been accepted by the Vancouver Board of Trade.

Increase Your Holiday Pleasure With a New

Portable Victrola

Make your holiday occasions jollier, happier, with the music of this aristocrat of portables!... Take it in your car, on your yacht. Dance to its music at your picnics... TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)
Winnipeg, May 17.—Wheat: Opened unchanged this morning and then started sliding downward, following extreme weakness in Chicago with little support in evidence. There appeared to be more real wheat for sale in the local pit this morning than for some time. Chicago was selling July wheat against purchases of their own futures, which was said to be unwinding of spreads. Pool buyers were buying July and selling October in an attempt to hold the nearby months from breaking further. There was also buying against the daily bids, the market being through them for more than one cent. There were a few slight reactions at times, but they were hard to hold and the market appeared to be very heavy, as long continued to dump their wheat. It is generally understood that the short interest in this market is very small and market lacks support from this source.

The cash market was also heavy and while offerings were not large by any means, the demand was still buyers apparently having their requirements in hand for the time being. Spreads on the two top grades were unchanged but were 1/4 to 1/2 lower from No. 3 Northern downward.

Exporters confirmed a fir business worked overnight, but no change from seaboard stocks and was not reflected here to any extent.

Good rains were fairly general over Manitoba and there were scattered showers in Saskatchewan, while further showers were forecast for all three provinces with cooler temperatures.

Liverpool closed 1/2 to 1 lower, much weaker than due, but Buenos Aires was again slightly higher with Argentine weather conditions too dry for ploughing and seeding. Outside of the fact that prices are now cheap, there appears to be little incentive to buy wheat on a speculative basis and many look for further declines. Winnipeg futures closed 2 1/2 to 3 1/2 lower and on the bottom.

Coarse grains: These markets all lost ground, especially rye which followed. Some shippers reported business in both oats and barley overnight, export and domestic, but the buying here was not sufficient to support prices. Oats closed 1 to 1 1/2 lower, barley 1/2 to 3/4 lower, and rye 2 to 3 1/2 lower. Flax market firm and featureless.

ORY, THEN COLOR THE PICTURE

Goofygo. "Though it is work, we'll make it fun. If we can find some heavy sticks, we'll undertake the task. I'll lend a hand, and gladly, too. There's plenty for us all to do. The rest of you can join me in the job. That's all I ask." And then the baker cried, "Let's start before my small house falls apart. I have some poles that we can use, and lots of rope nearby. We'll pull and push. That will be great! It won't be long till it's up straight." The poles were brought and all the bunch began to puff and sigh. Wee Coppy grabbed a bit of rope. He threw it high and cried, "I hope it drops down on the chimney. I can pull with strength galore." That's what it did. A clever trick. The bunch began to work real quick. In 'bout a half an hour the house was standing right once more.

To-morrow's Horoscope

SATURDAY, MAY 18, 1929

Except in the early morning this is rather an unfortunate day, according to astrology,

which reads in the horoscope certain adverse signs. The early hours should be favorable for initiative and for pushing work already started. Merchants and manufacturers may be sure of good trade and fair profits under this sway which encourages liberal spending. Lawyers will have a summer of unusual professional activity and should profit handsomely. Honors for members of the legal pro-

fession will be many and a judge will gain international fame before many weeks have passed, the seers prophesy. This is read as a lucky day for starting on sea voyages. Much travel to Russia is forecast and scholars as well as average tourists will seriously study the country's economic problems. Under this direction of the stars the spirit of faultfinding may be strong. Public men may expect undeserved criticism. The rule is not favorable to family unity

of thought and may precipitate quarrels. Husbands may be especially difficult where money is involved. It is wise to look out and not in to-day when there may be an inclination to be dissatisfied with one's lot in life. Suicides may be on the increase as the year advances, for abuse of the body through drink and narcotics will result in many tragedies, the seers predict. Health will be preached and will be cultivated with an earnestness not previously

attained, astrologers declare, and the span of life will continue to lengthen. The evening is a good time for conference of for meetings at which big plans are discussed. This is a time when amazing enterprises are to be projected in mind. Persons whose birthdate it is have the augury of a busy year in which there may be profitable journeys. Children born on this day should have bright minds and strong bodies. The sub-

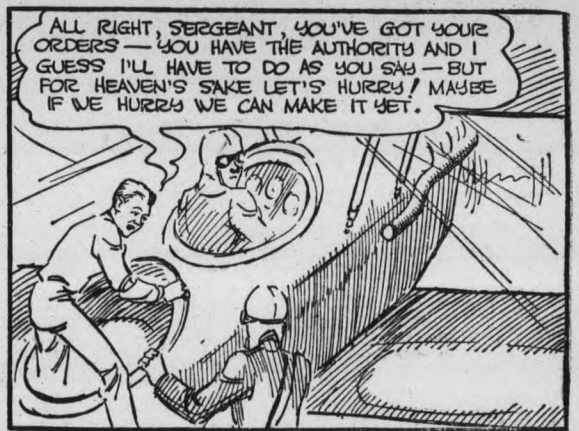

jects of this sign usually are well balanced and trustworthy. Samuel Hoar, early statesman, was born on this date, 1788. Count Nicholas of Russia, 1868, also claimed this as his birthday. (Copyright, 1929) Madrid has increased in population from 746,000 to nearly 1,000,000 in five years

HARBOR FUNDS ARE VOTED BY COMMONS

Ottawa, May 17—Harbor improvement bills passed by the House of Commons yesterday include \$10,000,000 for Montreal harbor, \$10,000,000 for Vancouver harbor, \$5,000,000 for Halifax harbor and \$2,000,000 each for the harbors of Three Rivers and Chicoutimi. The funds will be loans to the several harbor commissions.

ADVERTISE IN THE VICTORIA DAILY TIMES

ASTRONOMERS MEET OUTDOORS

Study of Moon and Stars Through Telescope Made By Local Body

About sixty members and visitors attended the first outdoor meeting of the Victoria centre of the Royal Astronomical Society last night. The gathering was held on the terrace of Victoria College, where two telescopes, loaned by the Dominion Astrophysical Observatory, were set up. The heavenly body to which most attention was given was the moon. The three-inch refractor with a powerful eye-piece, brought the lone satellite of the earth to within a range approximating 2,000 miles, and the various mountain ranges and craters were in plain view. Plato, eighty miles in diameter, and Archimedes, sixty-four miles in diameter, with walls rising to 12,000 feet were among the craters drawn to the attention of the gathering.

The planet Mars also formed an interesting subject for study, while considerable time was devoted to the brilliant star Arcturus, in the constellation Bootes. Graphic illustrations of the distance of this star, sixty-four light years away were given. It being suggested that Sir John A. Macdonald was in power and the United States civil war in progress when the light which is now visible was leaving Arcturus. This star was described as being 20,000,000 miles in diameter and having a temperature of 4,000 degrees.

SCENIC COWICHAN TRIPS DELIGHTFUL

Duncan, May 17—The first canoe party down the Cowichan River from Cowichan Lake this season was that of Richard Wilson, Victoria; Mr. and Mrs. J. W. McDougall and Miss Helen Taylor, Vancouver. They left the Riverside Inn on Saturday morning. Billy Thorne was in charge of the Indians manning the two canoes, which were hauled to the lake on Friday.

Next Saturday he and his crew will bring down Mr. and Mrs. R. H. Tupper, Miss Lila Malkin and Harold E. Molson, all of Vancouver. The canoes reach Duncan on Sunday. Especially at this season the river is thrillingly delightful, every moment bringing into view a new joy in scenic beauty.

ANTI-WAR GAS VOTE

Ottawa, May 17—Parliament will be asked to approve the Geneva Protocol for prohibition of the use in war of asphyxiating, poisonous or other gases and of bacteriological methods of war.

VERSATILE DWARF CIRCUS FEATURE

"Bluey-Bluey" Popular at Conklin and Garrett Shows at Esquimalt; Many Attend

Amazing the spectators with his eight-of-hand tricks, fire-eating and other novelties, "Bluey-Bluey," the diminutive and versatile circus entertainer, continued to be one of the features of the Conklin and Garrett shows now open at Esquimalt. All who have seen the little man acclaim him as one of the best and most humorous show characters they have ever seen.

Another feature that has been a source of interest to many is the foot artist, a man who draws crayon portraits with chalk placed between his toes. Many life-like pictures have been done by this man.

NEW RULES MADE FOR FISH PLANTS

Ottawa, May 17—An amendment to the Fish Inspection Act placing fish plants of all sorts under the Department of Marine and Fisheries was passed by the House last night.

Hon. R. B. Bennett, Conservative leader, last night asked the Government to table correspondence respecting the Canada-United States Sockeye Fisheries Treaty. The convention was signed at Washington in March last. Premier King said the correspondence would be tabled as requested.

Persons charged under the Criminal Code in the Yukon Territory with indictable offences may, at the discretion of the Minister of Justice, be tried before a court in the Northwest Territories. This authorization is given in a bill passed by the House last night.

"Bobby, I hope you didn't tell your daddy that you saw me kissing your sister Ethel last night."

"I didn't have to. Ethel woke us all up after you'd gone and told us herself."

Effective May 12, the afternoon boat to Vancouver will leave Victoria daily at 1.45.

AT THE THEATRES

NO TRICK CAMERA WORK WAS USED IN "CANARY MURDER"

"Trick" camera shots, calling for dim lighting, deep shadows, indistinct features and the other photographic features customary in screen mystery stories conspicuously by their absence in "The Canary Murder Case," the all-talking production showing now at the Dominion Theatre.

The entire dramatic story is enacted in plain view of the audience and everyone shares with the screen detective, portrayed by William Powell, all the clues uncovered.

"So much of the story depends upon the reactions of our principals as shown by their facial expressions that we could not afford to resort to the old tricks of shrouding the players in shadows for no other purpose than to attempt to make things more mysterious," said Malcolm St. Clair, who directed this Van Dyke story.

Powell, Jean Arthur, James Hall and Louise Brooks are featured.

OSTRICH LOVE IN DESERT PORTRAYED IN JUNGLE FILM

Love in the desert has always been a popular theme for fiction stories, but ostrich love in the desert may be said to be a fact even stranger than fiction. Martin Johnson, noted cameraman, returns from Africa with some interesting stories of this unique bird, the ostrich, and its love and family life. Some of them are told pictorially in Simba, now at the Capitol theatre.

During the breeding season one male ostrich keeps company with four or five hens, who are all keenly anxious to make a good impression on their lord and master. Those love-smitten hens meet and greet their suitor with a flourish of his majesty, and although he pretends to be indifferent to the ladies in his harem, he keeps an observing eye on them none the less.

Indifference vanishes, however, on the appearance of another beau—particularly if the newcomer happens to be a younger ostrich. If the youngster makes any eyes at the ladies, the head of the family rises in arms and begins to prance around furiously, menacing his rival with jerky thrusts of his neck.

He is really a very formidable fighter and the younger cock never fights but dances skittishly off, pretending that the ladies hold no attraction for him whatsoever.

SPORTS ENTHUSIAST IS IDEAL TYPE FOR PLAYHOUSE PICTURE

The breezy individual who plays the part of George, the hero's partner and adoring shadow in "The Grain of Dust," the Tiffany-Stahl production featuring Ricardo Cortez, Claire Windsor and Alma Bennett showing at the Playhouse, is Richard Tucker, who left his home in Brooklyn, N.Y., to go into movies and has played in pictures, golfed or gone swimming almost every moment of his existence since.

One of these enthusiastic sportsmen who is never happy unless he is active, he carries an impression of fresh air and fair play. His most recent appearances were in "Wings" and "The Jazz Singer," before joining Tiffany-Stahl Productions to appear in "Women's Wares" and "George in 'The Grain of Dust,'" the latter based on David Graham Phillips's sensational novel.

STUTTERING OLD MISER DOES WELL AT BOOTLEGGING

Presenting one of the finest plays in their repertoire, the Coliseum Players, under the direction of Raymond "Toby" Leitch, will appear three times on the stage at the Coliseum tomorrow, once in the afternoon and twice during the evening. The matinee show commences at 1.30 o'clock, while in the evening the players will take the stage at 7.30 o'clock and again at about 10 o'clock.

The title of the stage play is "Pop Goes the Weasel." The story is an intriguing one, the plot interesting and strong, and the characters are well enacted by the Coliseum cast. The settings of the play are in an old home on an isolated island, which since the death of its former master had been uninhabited except by a stuttering old miser, who came on an extensive bootlegging business. Lorus Bagley has the part of the miser and gives a splendid performance in a role which is a difficult one. Mr. Bagley is a versatile artist. This week he adds a new role to his career in Victoria and proves himself capable.

"The Case of Lena Smith" is the title of the screen attraction. Miss Esther Ralston, popular star of stage and screen, has the leading role in this picture and gives one of the finest portrayals of her career.

MUSICAL COMEDY ON SCREEN COMING TO THE DOMINION

"A musical comedy in royal robes" is the new Metro-Goldwyn-Mayer all-talking, all-singing and all-dancing spectacle, "The Broadway Melody," the forthcoming attraction at the Dominion Theatre, which will open next Monday for one week.

With song numbers specially composed, dances and ballets, specially designed in gorgeous settings, and famous dancers and entertainers from musical comedies and vaudeville "doing their stuff," such as the noted

Gyros' Whoopie Entertainment To Be Colorful

The Gyro Club's colorful show at the Coliseum Theatre next Thursday night, May 23, promises to be one of the biggest successes that this young men's community service organization has ever staged. The midnight matinee will commence at 11.30 p.m., and will continue until 1 a.m. and there will be plenty of action from start to finish.

Pep, fun, music, dancing, singing, and lots more, will abound at the Gyros' "Whoopie Night" entertainment. The programme is varied and snappy, with a host of attractive features.
